## At a glance

Updated Eligible Participant Resource Value Unit (RVU) licensing replaces the former External Population RVU licensing for several IBM® ECM solutions, including:

- IBM Case Foundation V5.2
- IBM Case Manager V5.2
- IBM Content Foundation V5.2
- IBM Enterprise Records V5.1.2
- IBM FileNet® Content Manager V5.2
- IBM Production Imaging Edition V5.2

For ordering, contact your IBM representative, an IBM Business Partner, or IBM Americas Call Centers at 800-IBM-CALL (Reference: YE001).

## Overview

To help reduce your deployment costs, Eligible Participant RVU licensing is added to IBM Case Foundation V5.2, IBM Case Manager V5.2, IBM Content Foundation V5.2, IBM Enterprise Records V5.1.2, IBM FileNet Content Manager V5.2, and IBM Production Imaging Edition V5.2. Eligible Participant RVU licensing replaces External Population RVU licensing. An additional "Cumulative Entitlements" clause was also added to the licensing.

## Planned availability date

- March 14, 2014: Electronic software delivery for all ECM products except IBM Enterprise Records V5.1.2
- March 21, 2014: Electronic software delivery for IBM Enterprise Records V5.1.2
- April 11, 2014: Physical media

## Description

### New terms

To help reduce deployment costs, Eligible Participant Resource Value Unit (RVU) licensing replaces the former External Population RVU licensing previously

announced in the various announcements listed below. The new license is now called Eligible Participant RVU.

The resources for the purpose of RVU calculation are Eligible Participants. Each individual or entity eligible to participate in any service delivery program managed or tracked by the program is an Eligible Participant. The licensee must obtain sufficient entitlements to cover all Eligible Participants. The product license information (LI) document for Eligible Participant RVU includes a new Cumulative Entitlements clause to better clarify how combinations of Authorized UVU, Employee UVU, and Eligible Participant RVU licenses can be applied within a single enterprise.

### **Cumulative entitlement**

UVU based on Authorized UVU based on Employee User, and RVU based on Eligible Participant entitlements are not alternative means for licensing the program. The licensee must obtain the following:

- Sufficient Authorized UVU entitlements to cover any licensee employee (which for the purpose of this paragraph includes any non-employee who is paid by or acting on behalf of licensee's enterprise) who is given access to the program, or sufficient employee user UVU entitlements to cover all employees whether or not they are given access to the program.
- Sufficient eligible participant RVU entitlements to cover any non-employee users of the program.

External Population RVU parts are renamed as Eligible Participant RVUs and will retain the existing published part numbers; therefore, no customer entitlement migration is needed.

For more information on the products that introduced External Population RVU licensing in 2013, refer to the following Software Announcements:

- IBM Case Foundation V5.2, Content Foundation, and FileNet Content Manager V5.2 [213-364](#), dated September 10, 2013
- IBM Case Manager V5.2 [213-322](#), dated September 10, 2013
- IBM Enterprise Records [213-549](#), dated November 26, 2013
- IBM Production Imaging Edition V5.2 [213-449](#), dated October 29, 2013

## Resource Value Unit (RVU)

RVU is a unit of measure by which the program can be licensed. RVU Proofs of Entitlement are based on the number of units of a specific resource used or managed by the program. Licensee must obtain sufficient entitlements for the number of RVUs required for licensee's environment for the specific resources as specified in the program specific table. RVU entitlements are specific to the program and the type of resource and may not be exchanged, interchanged, or aggregated with RVU entitlements of another program or resource. Refer to the program-specific RVU table.

Notes:

- Some programs may require licenses for the resources available to and the resources being managed by the program. In that case, the following applies. In addition to the entitlements required for the resources used by the program directly, licensee must obtain entitlements for this program sufficient to cover the resources managed by the program.
- Some programs may be licensed on a managed basis only. In that case, the following applies. Instead of the entitlements required for the resources used by the program directly, licensee must obtain entitlements for this program sufficient to cover the resources managed by the program.

## **Terms and conditions**

---

The information provided in this announcement letter is for reference and convenience purposes only. The terms and conditions that govern any transaction with IBM are contained in the applicable contract documents such as the IBM International Program License Agreement, IBM International Passport Advantage Agreement, and the IBM Agreement for Acquisition of Software Maintenance.

This product is only available via Passport Advantage.

### ***Licensing***

IBM International Program License Agreement including the License Information document and Proof of Entitlement (PoE) govern your use of the program. PoEs are required for all authorized use. Part number products only, offered outside of Passport Advantage, where applicable, are license only and do not include Software Maintenance.

These programs are licensed under the IBM Program License Agreement (IPLA) and the associated Agreement for Acquisition of Software Maintenance, which provide for support with ongoing access to releases and versions of the program. IBM includes one year of Software Subscription and Support (also referred to as Software Maintenance) with the initial license acquisition of each program acquired. The initial period of Software Subscription and Support (also referred to as Software Maintenance) can be extended by the purchase of a renewal option, if available. These programs have a one-time license charge for use of the program and an annual renewable charge for the enhanced support that includes telephone assistance (voice support for defects during normal business hours), as well as access to updates, releases, and versions of the program as long as support is in effect.

### ***License Information number***

- IBM Case Foundation V5.2: L-LSAS-9EGTUE
- IBM Case Manager V5.2: L-LSAS-9EGT8Q
- IBM Content Foundation V5.2: L-KFAL-9E424B

- IBM FileNet Content Manager V5.2: L-KFAL-9E3QS6
- IBM Production Imaging Edition V5.2: L-EDAE-9FKPXB

The program's License Information will be available for review on the IBM Software License Agreement website

<http://www.ibm.com/software/sla/sladb.nsf>

### ***Limited warranty applies***

Yes

### **Limited warranty**

IBM warrants that when the program is used in the specified operating environment, it will conform to its specifications. The warranty applies only to the unmodified portion of the program. IBM does not warrant uninterrupted or error-free operation of the program or that IBM will correct all program defects. You are responsible for the results obtained from the use of the program.

IBM provides you with access to IBM databases containing information on known program defects, defect corrections, restrictions, and bypasses at no additional charge. For further information, consult the IBM Software Support Handbook found at

<http://www.ibm.com/support/handbook>

IBM will maintain this information for at least one year after the original licensee acquires the program (warranty period).

### **Program technical support**

Technical support of a program product version or release will be available for a minimum of five years from the general availability date, as long as your Software Subscription and Support (also referred to as Software Maintenance) is in effect. This technical support allows you to obtain assistance (via telephone or electronic means) from IBM for product-specific, task-oriented questions regarding the installation and operation of the program product. Software Subscription and Support (Software Maintenance) also provides you with access to updates (modifications or fixes), releases, and versions of the program. You will be notified, via announcement letter, of discontinuance of support with 12 months' notice. If you require additional technical support from IBM, including an extension of support beyond the discontinuance date, contact your IBM representative or IBM Business Partner. This extension may be available for a fee.

### **Money-back guarantee**

If for any reason you are dissatisfied with the program and you are the original licensee, you may obtain a refund of the amount you paid for it, if within 30 days of your invoice date you return the program and its PoE to the party from whom you obtained it. If you downloaded the program, you may contact the party from whom you acquired it for instructions on how to obtain the refund.

For clarification, note that (1) for programs acquired under the IBM International Passport Advantage offering, this term applies only to your first acquisition of the program and (2) for programs acquired under any of IBM's On/Off Capacity on Demand (On/Off CoD) software offerings, this term does not apply since these offerings apply to programs already acquired and in use by you.

### **Volume orders (IVO)**

No

### **Passport Advantage applies**

Yes, and through the Passport Advantage website at

<http://www.ibm.com/software/passportadvantage>

### **Software Subscription and Support applies**

Yes. Software Subscription and Support (also referred to as Software Maintenance) is included with licenses purchased through Passport Advantage and Passport Advantage Express®. Product upgrades and Technical Support are provided by the Software Subscription and Support offering as described in the Agreements. Product upgrades provide the latest versions and releases to entitled software and

Technical Support provides voice and electronic access to IBM support organizations, worldwide.

IBM includes one year of Software Subscription and Support with each program license acquired. The initial period of Software Subscription and Support can be extended by the purchase of a renewal option, if available.

While your Software Subscription and Support is in effect, IBM provides you assistance for your routine, short duration installation and usage (how-to) questions, and code-related questions. IBM provides assistance via telephone and, if available, electronic access, only to your information systems (IS) technical support personnel during the normal business hours (published prime shift hours) of your IBM support center. (This assistance is not available to your end users.) IBM provides Severity 1 assistance 24 hours a day, 7 days a week. For additional details, consult your IBM Software Support Handbook at

<http://www.ibm.com/support/handbook>

Software Subscription and Support does not include assistance for the design and development of applications, your use of programs in other than their specified operating environment, or failures caused by products for which IBM is not responsible under the applicable agreements.

## **Statement of good security practices**

---

IT system security involves protecting systems and information through prevention, detection, and response to improper access from within and outside your enterprise. Improper access can result in information being altered, destroyed, or misappropriated or can result in misuse of your systems to attack others. Without a comprehensive approach to security, no IT system or product should be considered completely secure and no single product or security measure can be completely effective in preventing improper access. IBM systems and products are designed to be part of a comprehensive security approach, which will necessarily involve additional operational procedures, and may require other systems, products, or services to be most effective. IBM does not warrant that systems and products are immune from the malicious or illegal conduct of any party.

## IBM Global Financing

---

IBM Global Financing offers competitive financing to credit-qualified customers to assist them in acquiring IT solutions. Offerings include financing for IT acquisition, including hardware, software, and services, from both IBM and other manufacturers or vendors. Offerings (for all customer segments: small, medium, and large enterprise), rates, terms, and availability can vary by country. Contact your local IBM Global Financing organization or visit

<http://www.ibm.com/financing>

IBM Global Financing offerings are provided through IBM Credit LLC in the United States, and other IBM subsidiaries and divisions worldwide to qualified commercial and government customers. Rates are based on a customer's credit rating, financing terms, offering type, equipment type, and options, and may vary by country. Other restrictions may apply. Rates and offerings are subject to change, extension, or withdrawal without notice.

Financing from IBM Global Financing helps you preserve cash and credit lines, enables more technology acquisition within current budget limits, permits accelerated implementation of economically attractive new technologies, offers payment and term flexibility, and can help match project costs to projected benefits. Financing is available worldwide for credit-qualified customers.
