

Options by IBM: IBM 8MB USB Memory Key — Share Data Between Notebook and Desktop Systems

Overview

The IBM 8MB USB Memory Key is a pocketable and portable USB storage device. It allows you to share data between any notebook or desktop system via a functional USB port without the need for a diskette.

The 8 MB of storage capacity lets you store your text, presentations, spreadsheets, multimedia files, and other storage requirements. This convenient new option is Plug and Play ready and does not need software, drivers, or batteries.

Year 2000: This product does not have date dependencies and is therefore Year 2000 ready.

Technical Support: Request technical information via the IBM Personal Systems Group (PSG) Web site at:

<http://www.ibm.com/pc/support>

or IBM Faxback (800-426-3395)
