

IBM SAN Volume Controller and IBM Storwize V7000 User Group

IBM Hursley Park, Winchester on 6th April 2011

Come join the SVC and IBM Storwize V7000 community

This is an unrivalled opportunity for you to meet with and talk to IBM's leading SVC and IBM Storwize V7000 subject matter experts. Our team will formally present their views on the strategic directions of SVC and IBM Storwize V7000, and you will have the opportunity to influence the future development plans for this critical product.

During the day you will be able to informally network with other IBM SVC and IBM Storwize V7000 users to compare notes and to discuss current industry "Best practice".

We will debate two very relevant "Case Studies", after which you can join our experts on four "Birds of a feather" sessions to share best practice with your peers.

Agenda

Timing	Agenda topic
