

Introducing the IBM Payments Sandbox

As part of the IBM Payments Centre – Canada, we are launching a Sandbox: a seamless business & technology workspace used to experiment with new code. Designed for owners to align, collaborate and test new services using existing payments libraries. Empowering you to help define your strategy, create competitive advantage and streamline vendor/product selection.

Let's Get Started

The Benefits of the IBM Partnership

Bringing Teams together

Access to Tier 1 banks and credit unions, blue chip clients, mid market enterprises across Canada.

Co-creating a business future

Benefits from open platforms, existing IP and industry strength assets and methods.

Establishing the trust model

The platform's permissioned design guarantees security, privacy & confidentiality of data and IP.

Engaging the Canadian industry

Ability to galvanize multiple industries to adopt new standards that benefit the Canadian payments industry.

Getting started the best way

Scalable, and flexible. Focus on a garage or proof of concept leverage Payments Canada's expertise and standards.

Bringing the best of IBM

Capabilities from Research, AI and Blockchain couples with Canadian payments expertise.

Let us help you define strategies for competitive advantage.
