Reach for the cloud with financing

70% of hybrid cloud decision makers will always use a blend of traditional IT and cloud — a hybrid model.

According to IDC, investments in server and storage for private and public clouds are expected to grow 43% from 2017-2021.

IBM Cloud

IBM Global Financing can help you:

- Acquire hardware for your on or off premises cloud and obtain potential savings of up to 14% over purchase with Fair Market Value leasing.
- With competitive rates for IBM services and IBM software (IBM annual or prepaid SaaS, IBM software license and subscription and support).
- Preserve cash and credit lines to meet other strategic needs.

IBM Global Financing offerings are provided through IBM subsidiaries and divisions worldwide to qualified commercial and government. Rates and availability are based on a client’s credit rating, financing terms, offering type, equipment and product type and options, and may vary by country. Non-hardware items must be one-time, non-recurring charges and are financed by means of loans. Other restrictions may apply. Rates and offerings are subject to change, extension or withdrawal without notice and may not be available in all countries. IBM and IBM Global Financing do not, nor intend to, offer or provide accounting, tax or legal advice to clients. Clients should consult with their own financial, tax and legal advisors. Any tax or accounting treatment decisions made by or on behalf of the client are the sole responsibility of the client.
