IBM Cloud For Government IaaS Subscription Offering Price File

NOTICE to CUSTOMER: Select the Part Number(s) for the Account Value you desire. The GSA price for each Account Value Part Number represents a discount from the List price. Multiple quantities of the various Part Numbers may be ordered to reach the total Account Value you wish to order for your account, and adding the GSA Industrial Funding Fee. Each month, IBM will invoice for the services used in the account.

The invoice amount will be calculated by applying the GSA discount to the List Price Value of the services used in the account.

Each invoice will be decremented from your purchase order amount.

It is the responsibility of the customer to monitor the actual account usage and order additional Subscription part numbers when the account usage is likely to exceed the Contract/Purchase Order amount. IBM may suspend access to the account

once the Contract/Purchase Order value is depleted and resume access once a funding document is received for additional Subscription parts.
