

# VMware@IBM Cloud

- Hybrid Cloud in practice

We would like to invite to attend an online event "**VMware@IBMCloud- Hybrid Cloud in practice**", which will take place on **18th of June 2020**.

Start with a business continuity and disaster recovery strategy by easily backing up local applications in the cloud. Begin your data center transformation from increasing capacity by consolidating its size or using the cloud to upgrading your aging infrastructure.

## Agenda:

**10:00 - 10:15** IBM Cloud for Enterprises

*Marcin Klabinski, IBM*

**10:15 - 11:00** VMware@IBM Cloud - how to build Hybrid Cloud solution

*Michał Kowalczyk, IBM*

18th of June 2020

10:00 - 11:00 EEST
