

How to unlock TCO savings with IBM Certified Pre-Owned solutions

We offer certified, pre-owned IBM® Power Systems™, IBM Storage, IBM mainframes, IBM parts and features—uniquely available from IBM.

Quality. Expertise. Value.

Look to IBM for pre-owned IBM servers and storage solutions.

Whether your requirements are maintenance of legacy systems and applications, sudden capacity peaks, data centre moves, credit capacity, or budget challenges, IBM offers Certified Pre-Owned servers and storage solutions, with associated support, customised for your needs.

The IBM Certification Mark shows that the product has been verified through our IBM- exclusive best-of-breed remanufacturing process. IBM Certified Pre-Owned servers and storage systems sold by IBM or IBM Business Partners are also offered with leasing, payment plans and the full IBM services portfolio.

Quality backed by IBM Certification

We share and leverage IBM manufacturing expertise.

- Always processed using only genuine IBM parts from the most current IBM Bill of Materials.
- Remanufactured to original manufacturing specifications using serial number level maintenance records.
- Testing and quality inspection performed to current IBM Manufacturing standards.
- Immediately eligible for IBM maintenance.

At a place near you

We support you with supply sourced from our European or Global inventory.

- Experience remanufacturing IBM equipment for more than three decades; today serving clients in 175 countries.
- Full product line of certified pre-owned IBM Servers and IBM Storage to meet your performance and budget requirements.

Expertise in what we do

We work with subject matter experts across IBM and IBM Business Partners to provide total solutions.

- Access to in-house quality expert engineers and IBM Technical Support Services.
- Current client installation experience incorporated.
- Technically equivalent options available to meet your capacity and functional requirements.
- 90-day quality satisfaction guarantee.

IBM Certified — Pre-Owned by IBM

A single source for all your needs with IBM—new and legacy equipment.

- IBM can supply upgrades to IBM systems which are no longer available to buy new, as well as complete systems.
- In parallel IBM can explore with you any further solution requirements.
- Work as one team with IBM and IBM Business Partners for support and services.
- IBM products and quality at a price point that extends your spending capacity and stays within budget.

The IBM logo, consisting of the letters "IBM" in a bold, sans-serif font with horizontal stripes through the letters.
