Based on G2's 2023 Spring Reports

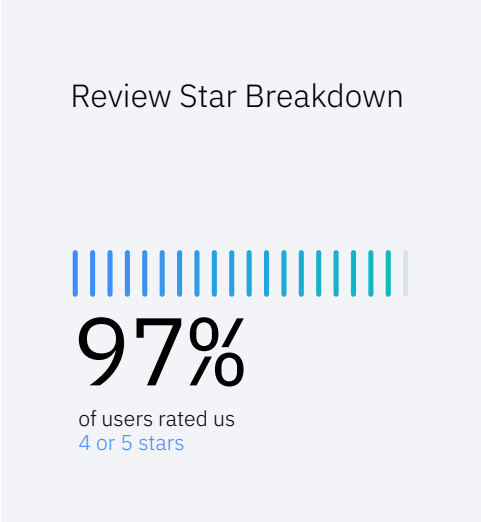

"I find IBM Maximo software to be an incredibly powerful and versatile tool. I appreciate the software's capability to monitor and manage orders on the job and track facility operations, which can help me streamline maintenance procedures."

- G2 Reviewer ★★★★★

"We recently implemented IBM Maximo into our asset management process and have been delighted with the results. The software is intuitive and user-friendly, making it easy to manage many assets."

- G2 Reviewer ★★★★★

"IBM Maximo allows you to manage your assets and integrate asset management with all modules starting from requisition, procurement, receiving, deployment, maintenance, and operation."

- G2 Reviewer ★★★★★
