

Seeking a **simpler solution** for multivendor product maintenance?

Let an IBM technician service **both your IBM and non-IBM systems.**

Trust

- An IBM® technician can support IBM and non-IBM systems - reducing risks, vendors and contracts
- Technicians are certified field engineers, many with years of experience servicing data centre equipment.

Simplicity

- Single point of accountability
- Fast and easy quote process
- Designed to help you manage your devices longer
- Support for data centre storage, server and networking equipment like **EMC, HP, Dell, Brocade, Sun Microsystems, HDS** and more.

Reliability

- IBM Technology Support Services (TSS) supports 80 percent of Fortune 100 companies*
- Around the clock response time
- Global parts infrastructure and a knowledge base of 23,000 worldwide employees
- Decades of experience supporting multivendor equipment.
