Overview

Periodically, IBM[®] provides notice to clients of plans to withdraw services for IBM and original equipment manufacturer (OEM) machines under an IBM Agreement. At this time, we are providing notice that selected machine types, models, and features will be discontinued from standard maintenance services. IBM will send no further correspondence of this nature for these machine types, models, features, or RPQs.

After the effective date, IBM will no longer offer full hardware maintenance service for the listed machine types. If available, clients will continue to receive limited hardware maintenance service as described in the "Withdrawal" section of your terms with IBM, without lapse in coverage, for select machine types. For a list of affected products and effective dates, refer to the [Description](#) section.

For assistance in transition planning for products being announced to go End of Service (EOS), see the [IBM IT Infrastructure](#) website.
