

IBM Chief Data Officer Summit Series

Join us

Introducing the IBM CDO Summit Series, a monthly forum bringing together leading CDOs, CAOs, and CTOs to engage and explore the challenging issues of these extraordinary times.

Running June through November 2020, the IBM CDO Summit Series is a complimentary, virtual and fast paced-hour of peer sharing and discussion.

Each forum will feature:

- leading speakers
- client panelists
- interactive and compelling peer discussions
- A unique opportunity to share best practices
- actionable use cases.

Forum topics will include:

- CDOs Leading in Turbulent Times
- CDOs & CTOs in Partnership: Data-Driven Technology Initiatives
- AI Ethics and Trust
- Data Privacy and Governance
- Featured IBM public and hybrid use cases at scale
- Intelligent & Automated Workflows and Year in Review
