

## **HARDWARE PRICING LEGEND**

### **Explanatory Notes for IBM Hardware Equipment Price List (excluding microcomputers)**

<b>Customer Setup</b>
-----------------------

- Y** Customer Engineer (CE) Installed.
- N** Government Set-Up Machine: The Government is responsible for installing the machine; problem determination and trouble report required prior to service call.

<b>Per Call Class</b>
-----------------------

**Applicable to 132-3, 132-8, and 132-12**

Per Call Class (1, 2 or 3) is used to determine the per call hourly rates. See Appendix B for rates.

### **Standard Features**

Some machines shown in the price list are available only with standard features; unless otherwise noted, the price for the machine does not include the prices for the standard features, and the separately stated charges for these features shall apply.

### **Note:**

- A. No charge features are excluded from IT price list. For details contact the IBM Federal Information Call Center at 1-800-333-6705.
- B. An asterisk \* beside the product description indicates the following:

For non-IBM products, IBM provides these products without warranty of any kind. Warranty, service, support, refund rights, if any, is provided directly to the Government by their manufacturer or supplier, not IBM.
