

As of Feb 28, 2020, for the last 12 months, **IBM Cloud received the highest overall customer rating among leading cloud providers**, rated above AWS, Google Cloud and Microsoft Azure with 4.7 out of 5 stars, according to 84 customer reviews.

For companies who need public cloud solutions that enable higher levels of compliance, security, and management, with proven architecture patterns and methods for rapid delivery, the IBM public cloud stands out as ready to run mission critical workloads. Trusted by 47 of the Fortune 50, 10 out of 10 of the world's largest banks, and 8 out of the 10 largest airlines, IBM Cloud meets the requirements for running the world's largest incumbent businesses across many industries.
