

## RED HAT ENTERPRISE LINUX AS STANDARD EDITION ADDENDUM

This Addendum (together with any other documents incorporated herein by reference) governs Customer's ("you" or "your") legal rights and obligations with respect to any access and/or use of the Red Hat® Linux® software (the "Software" or the "Linux Program(s)") made available to you by International Business Machines Corporation including its applicable affiliates and subsidiaries ("IBM") as a part of the Services. Customer agrees to the following terms and conditions (including any terms or conditions of any EULA (as defined below) accompanying any part of the Linux Programs):

**1. General Terms of Use:** This Addendum provides additional supplemental terms and conditions that govern your use of the Software beyond and, in some cases, modifying the terms and conditions governing your use of any other Services under the Agreement. Accordingly, this Addendum supercedes any conflicting terms of the Agreement solely with respect to your rights to use the Software thereby superceding any conflicting terms therein. Notwithstanding the foregoing, this Addendum does not supercede or otherwise affect any of your rights or obligations with respect to any other Services made available or licensed to you by IBM and nothing contained herein shall apply to any other Services provided to you. With respect to any and all other Services, the Agreement will continue to govern your rights and obligations with respect to any such other Services.

The Software is made available to you pursuant to a complex licensing arrangement between Red Hat, Inc. ("Red Hat") and IBM (such agreement is available at [www.redhat.com/licenses](http://www.redhat.com/licenses) Select Red Hat Enterprise Linux AS) and by means of the GNU General Public License, a copy of which can be found at the website stated above (the "GPL"), under which the original Linux software was distributed by its creator and initial contributor, Linus Torvalds, and the applicable end user license agreements (individually a "EULA" and collectively the "EULAs") corresponding to individual components of the Software. As a result of this arrangement, you are given certain rights that are not customarily provided to licensees. Your ability to fully benefit from such rights, however, is contingent on your compliance with certain corresponding responsibilities as a licensee of the Software pursuant to this Addendum and the GPL, and as a party to the Agreement. Notwithstanding anything to the contrary in this Agreement or any of the other agreements governing the Software, your rights and obligations regarding the Software and the manner in which such right and obligations were provided to you (i.e., the application of the GPL, applicable EULAs, this Agreement and other aspects of the licensing arrangement) are not intended to, nor do they in fact, modify any rights, obligations or restrictions otherwise applicable to any hardware or other closed source or proprietary software to which you are given access on a IBM hosted website or pursuant to any other modes of distribution provided by IBM pursuant to the Agreement or otherwise.

The Software is a modular operating system made up of hundreds of individual software components, each of which was written and copyrighted individually. The Linux Programs are licensed pursuant to the GPL, this Addendum and the Linux EULA applicable to this Software. While this Addendum seeks to clarify and identify such license rights, IBM is legally prohibited from limiting or abridging your rights pursuant to, or granting you rights that supercede, the GPL. The full scope of your rights and obligations under the GPL are described in the GPL and you represent and warrant that you have read and agree to comply with the GPL. Under this Addendum and the GPL, you have the following rights:

- 1.1 Subject to the obligations to provide the appropriate notices and disclaimers set forth in the GPL (and a copy of the GPL) to any distributee, you may copy and distribute verbatim copies of the Software's source code.
- 1.2 Subject to the conditions set forth in the GPL regarding modifications and any obligations you may have under this Addendum and/or the Agreement, you may modify the copy of the Software provided to you; provided, however, if IBM determines, in its reasonable discretion, that your modifications may disqualify such modified Software from receiving the support services provided by IBM pursuant to the terms and conditions of this Addendum and/or applicable provisions of the Agreement, IBM reserves the right to terminate such support services without incurring any liability to you or others. Certain alterations to the Software, including but not limited to those modifications that break binary compatibility or prohibit functioning (including recompiling) of the Software, would most likely result in IBM's termination of its support services for the modified Software.
- 1.3 Subject to the requirements set forth in the GPL, you may copy and distribute the Software in object code or executable form, but you may not copy, modify, sublicense or distribute the Software except as expressly provided under this Addendum, the GPL, the EULAs associated with the individual components of the Software and the applicable provisions of the Agreement. Specifically, you may not impose any further restrictions on the recipients' exercise of its rights under the GPL.
- 1.4 In the GPL, there are substantial restrictions placed on the distribution of the Software if any part of the Software is now, or in the future should become, subject to a patent or other conditions placed on distribution and you

agree to review such provisions and abide by the restrictions set forth therein. The potential consequences of such restrictions include but are not limited to a possible prohibition or limitation of Software distribution as a consequence of a court judgment, an allegation of infringement, a copyright that places geographic distribution restrictions or another action that affects the distribution of the Software.

1.5 Please note that pursuant to a Linux EULA that accompanies the Linux Programs, you may copy, modify, and redistribute the Software, in both source code and binary code forms. However, you must review the on-line documentation available at [www.redhat.com](http://www.redhat.com) and as referenced and embedded in the source code of the Software that accompanies each of the Linux Programs included in this product for the applicable Linux EULA. Review these Linux EULAs carefully, in order to understand your rights under them and to realize the maximum benefits available to you with Linux Programs. Nothing in this Addendum limits your rights under, or grants you rights that supercede, the terms of any applicable Linux EULA accompanying the Linux Programs and all Linux EULAs that are applicable to the Software are incorporated by reference and made a part hereof.

**2. Proprietary Notices:** THE SOFTWARE, INCLUDING SOURCE CODE, DOCUMENTATION, APPEARANCE, STRUCTURE AND ORGANIZATION, ARE PROPRIETARY PRODUCTS OF RED HAT AND OTHERS AND ARE PROTECTED BY COPYRIGHT AND OTHER LAWS. TITLE TO THE SOFTWARE MADE AVAILABLE PURSUANT TO THIS ADDENDUM, OR TO ANY COPY, MODIFICATION OR MERGED PORTION OF ANY OF THESE LINUX PROGRAMS, SHALL AT ALL TIMES REMAIN WITH THE AFOREMENTIONED SUBJECT TO THE TERMS AND CONDITIONS OF THE APPLICABLE EULA RELATED TO THE LINUX PROGRAMS UNDER CONSIDERATION.

YOU ARE NOT GRANTED ANY RIGHT OR LICENSE UNDER THIS ADDENDUM TO USE ANY SUCH TRADEMARKS OR LOGOS IN ANY MANNER AND IBM'S RIGHTS THEREIN ARE PROTECTED BY AND SUBJECT TO YOUR AGREEMENT.

CERTAIN LIMITED TECHNICAL SUPPORT SERVICES ACCOMPANY THE SOFTWARE. THE RIGHT TO USE THOSE TECHNICAL SUPPORT SERVICES IS LIMITED TO YOU, AS A PARTY TO THE AGREEMENT. WHILE PURSUANT TO THIS ADDENDUM, THE GPL AND THE APPLICABLE EULA RELATED TO THE LINUX PROGRAMS YOU HAVE THE RIGHT TO TRANSFER YOUR COPY OF THE SOFTWARE TO ANOTHER PARTY, YOU MAY NOT TRANSFER THE RIGHT TO USE THE TECHNICAL SUPPORT SERVICES OR OTHER SERVICES OR PRODUCTS PROVIDED BY IBM PURSUANT TO THE AGREEMENT (EXCEPT AS MAY BE OTHERWISE EXPRESSLY PERMITTED THEREIN). EXCEPT AS OTHERWISE PROVIDED IN THE AGREEMENT, ANY ATTEMPT TO TRANSFER SUCH TECHNICAL SUPPORT SERVICES OR OTHER SERVICES OR PRODUCTS FOLLOWING YOUR INITIAL ACCESS AND USE OF THE SOFTWARE WILL RENDER YOUR RIGHT TO SUCH TECHNICAL SUPPORT SERVICES NULL AND VOID.

- 3. Limited Warranty:** IBM PROVIDES THE SOFTWARE "AS IS," WITHOUT WARRANTY OF ANY KIND, WHETHER EXPRESS OR IMPLIED. IBM DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. - 4. Limitation of Remedies and Liability:** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW AND NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THE AGREEMENT, IN NO EVENT WILL IBM BE LIABLE TO YOU FOR ANY DAMAGES NOR ANY COSTS OR EXPENSES, INCLUDING LOST PROFITS, LOST SAVINGS, OR OTHER SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE SOFTWARE TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF IBM HAD BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
- 5. Indemnification:** EXCEPT FOR THE REMEDIES, IF ANY, PROVIDED IN THIS ADDENDUM AND NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THE AGREEMENT, IBM PROVIDES NO INDEMNIFICATION TO YOU FOR ANY SUITS, CLAIMS, ACTIONS, DAMAGES, LOSSES, CAUSES OF ACTION, AND/OR LIABILITIES WHATSOEVER ASSERTED AGAINST YOU BY ANY THIRD PARTIES, NOR ANY COSTS OR EXPENSES (INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES) INCURRED BY YOU IN CONNECTION THEREWITH, ARISING OUT OF OR RELATED TO IBM'S PERFORMANCE OR FAILURE TO PERFORM UNDER THIS ADDENDUM OR THE AGREEMENT IN CONNECTION WITH THE SOFTWARE.
