-

Accelerate your journey to cloud with payment plans for IBM Cloud and Red Hat solutions

Regardless where you are in your journey to cloud—migrating existing apps, modernizing codes, innovating new features, adapting tools, and maintaining multiple clouds—managing your investments for maximum return is critical.

IBM Global Financing can help you affordably accelerate deployment of IBM Cloud™, a next generation hybrid multicloud platform that helps you address your unique application, data and workload requirements. The platform combines Red Hat's technology to run workloads on the cloud infrastructure from any vendor

Payment plans from IBM Global Financing can help in your adoption of IBM Cloud

IBM Global Financing offers customized solutions and payment deferral options to support the full lifecycle of your IBM Cloud investment so you can focus on the essentials of capturing new business opportunities.

A key element of hybrid cloud for many enterprises is a secure, reliable on-prem IT infrastructure under control of the firm. IBM systems, storage and networking can be acquired using fair market value leases at low interest rates.

Recognizing that complexity can be an impediment to cloud adoption, IBM delivers deep industry and technology expertise helping clients realize a faster, more secure journey to cloud. IBM Global Financing offers payment plans to help clients engage cloud consulting and design thinking services while managing to tight budgets.

Get started sooner on your cloud journey with financing

Wherever you are in your journey to cloud, whatever product or service you require, IBM can deliver the right solution supported by a wide variety of financing options and flexible payment plans.

Finance your entire IBM Cloud solution—hardware, software, SaaS and services – with flexible IT leases and loans. Improve alignment between cost and benefits by spreading out payments over time. Non-IBM content which is part of an overall IBM end user client solution may also be eligible for financing through IBM Global Financing.

Why IBM?

IBM Global Financing has been in operation for more than 35 years and serves clients in over 60 countries, spanning more than 20 industries. With a global reach and expertise in IT financing, working capital and credit, IBM Global Financing offers flexible payment plans and leasing solutions for IBM software, services and IT infrastructure including pre-owned servers and storage. Non-IBM content which is part of an overall IBM end user client solution may also be eligible for financing through IBM Global Financing.
