

Stop firefighting IT outages.

Start automating.

Worried about outages crashing your complex hybrid cloud infrastructure?

Anxious about operating in a constant firefighting mode?

Tired of the fire drills? Let virtual engineers support IT uptime around the clock.

Reduce up to **90%** of severity 1 problems¹

Manage **40-45%** of incoming problem tickets directly on average²

Automate the resolution of up to **71%** of IT issues³

Realize **50%** productivity improvements⁴

Free your IT team to focus on higher value activities.

Read the IBM white paper, "Take a first step towards digital transformation: Start automating," to learn how structured enterprise IT automation can help you accelerate digital transformation and optimize IT availability.
