

How is Fiducia & GAD fostering stronger collaboration in the cooperative banking space?

- ✓ Provides IT services to a leading cooperative banking group in Germany
- ✓ Wanted to help member banks share knowledge to deliver better services
- Created a collaboration hub based on IBM® Connections™, IBM Domino® and Notes®, and IBM Sametime®
- ✓ Hosts over 4,500 digital communities featuring nearly 2,000 community blogs
- 100s of banks are now taking advantage of the new offerings
- Streamlines collaboration between cooperative banks, enabling improved services
