

# How does Vössing drive effective collaboration on major infrastructure projects?

100s of engineers working on 1,000s of projects in 15 countries

Engineering standards and regulations can change all the time

Deployed a collaboration platform based on IBM® Connections™ Cloud, IBM SmartCloud® Notes® and IBM Verse®

Vössing says building apps on IBM Domino® avoids up to 15x higher spend on comparable ERP, CRM and HR platforms

Saves days of research into best practices by capturing knowledge in digital communities

Enables operational efficiency and helps meet critical deadlines
