

Get IBM WebSphere Connect in 3 easy steps

- IBM WebSphere Connect is available to you, for free, if you have entitlement to WebSphere Application Server v8.5.5 (Network Deployment, Base, or Liberty Core).
- IBM API Connect Essentials is included with your WAS v8.5.5 entitlement, licensed through your WAS S&S and includes IBM Support and 500 API calls per month per entitled WAS PVU.

3 easy steps to download and get started

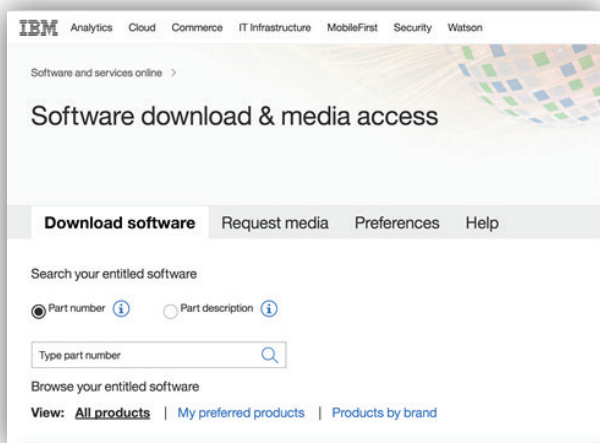

- 1 Click on “**Customer Login**” on the Passport Advantage website and provide your information:
https://www-01.ibm.com/software/passportadvantage/pao_customer.html

- When you are on the “**Software download & media access**” page, verify that your Program Offering agreement number is correct
- Then select “**Continue**”.

- 2 Go to “**Download software**” screen and search for your entitled software for a Part number or Part description.

The easiest way to download software needed for IBM WebSphere Connect is by the eAssembly Part number:

Search using the following Part Numbers:

- **WAS ND** and IBM API Connect Essentials = **CRM34ML**
- **WAS Base** and IBM API Connect Essentials = **CRM2SM**
- **WAS Liberty Core** and IBM API Connect Essentials = **CRM72ML**

Get IBM WebSphere Connect in 3 easy steps

3 From the resulting search screen, you can expand “**Select individual files**” from the bottom of the screen, and select the specific elimages you want to download.

The IBM API Connect Essentials that comes packaged as a WAS Supporting Program has these individual elimages:

<input type="checkbox"/>	<input type="checkbox"/> Required or optional	Description Show details Hide details	Size (MB)
<input checked="" type="checkbox"/>	Required	IBM API Connect Controller V5.0 for Linux English (CN9YCEN)	168
<input checked="" type="checkbox"/>	Required	IBM API Connect Controller V5.0 for Mac English (CN9YBEN)	141
<input checked="" type="checkbox"/>	Required	IBM API Connect Controller V5.0 for PPC (BE) English (CN9YDEN)	171
<input checked="" type="checkbox"/>	Required	IBM API Connect Controller V5.0 for PPC (LE) English (CN9YEEN)	175
<input checked="" type="checkbox"/>	Required	IBM API Connect Controller V5.0 for PPC (LE) English (CN9YFEN)	167
<input checked="" type="checkbox"/>	Required	IBM API Connect Controller V5.0 for Windows English (CN9YAEN)	204
<input checked="" type="checkbox"/>	Required	IBM API Connect Developer Portal V5.0 for VMWare and Xen English (CN9TGEN)	354
<input checked="" type="checkbox"/>	Required	IBM API Connect Professional/Enterprise V5.0 for VMWare, Xen and IPAS2 English (CN9TFEN)	2754

- The elimages necessary for download and install of IBM API Connect Essentials are:
 - IBM API Connect Professional/Enterprise V5.0 for VMWare, Xen and IPAS2 English (CN9TFEN)
 - Although labeled "Professional/Enterprise", this is the same elimage used for the Essentials edition.
 - Note that the only difference between API Connect editions is in license Terms and Conditions.
 - IBM API Connect Developer Portal V5.0 for VMWare and Xen English (CNTGEN)
- The elimages for the IBM API Connect Controllers are not used with API Connect Essentials and do not need to be downloaded.
