3 minute read | March 26, 2021

The IBM Singapore Business Partner Awards recognizes the achievements of business partners who have excelled and delivered outstanding results in their areas of expertise.

In addition, the IBM Singapore Innovation Awards, which was launched as a new category last year, celebrates the achievements of Business Partners which have built and implemented a transformational solution to solve client's challenges yielding significant results.

Congratulations to all our business partner award winners and thank you for your unparalleled commitment to driving client success!
