

# Drill further into your results

- Operational Efficiency
- Clinical Outcomes
- Continuity of Care

## 100 Top Hospitals Insights Assessment

A deeper dive into all your more recent metrics is required to identify specific opportunities and performance drivers that are both insightful and actionable.

High performing organizations understand that metrics are the first step, but performance improvement happens with an intentional plan to reduce the barriers to success. Once the performance path has been implemented it is essential to continually monitor your metrics to enable sustained results.

## High-level quantitative analysis

Current year E/O ratio

- Overall
- Mortality
- Complications
- ALOS
- Costs
- Readmissions
- HCAHPS
- Operating Margins
- ED Measures

## Our insights approach can help you drive results

Qualitative assessment of current state organizational capabilities

Quantitative assessment using current data metrics to update performance

Synthesis of qualitative and quantitative results into a prioritized detailed roadmap

## The 100 Top performance assessment includes

a consulting engagement that evaluates the system's clinical and operational performance on a series of acute and post-acute metrics. Our approach to the planning and development of complex transformation involves six domains designed to work together to deliver a comprehensive strategy, plan and, optionally, implementation.
