

Create an IMPACT in Life Sciences

COVID-19 disruptions have prompted industry leaders in Life Sciences to re-evaluate their supply chains and accelerate their move to the Cloud. Life Sciences organisations are now prioritising digital transformation to increase cost control and data insights.

82% of healthcare and life sciences leaders expect to make significant investments in hybrid cloud in the next few years. Source: IBM IBV CEO Report 2021

Intelligent technologies can:

- 1**  Unify and secure your data in the cloud
- 2**  Improve cost control, flexibility and resilience
- 3**  Unlock real-time insights with AI and predictive analytics

Impact
LIFE SCIENCES SOLUTION

SAP® Qualified
Partner-Packaged Solution
for the Intelligent Enterprise

Accelerate your digital transformation with IBM's IMPACT for Life Sciences

IMPACT for Life Sciences is an SAP Qualified Partner Package developed by IBM for SMEs. It enables you to accelerate digital transformation in your Life Sciences organisation within 6-9 months with SAP S/4HANA, the Intelligent ERP system. Typical investment is £1-2M* and includes implementation services and ongoing support.
