average 86%

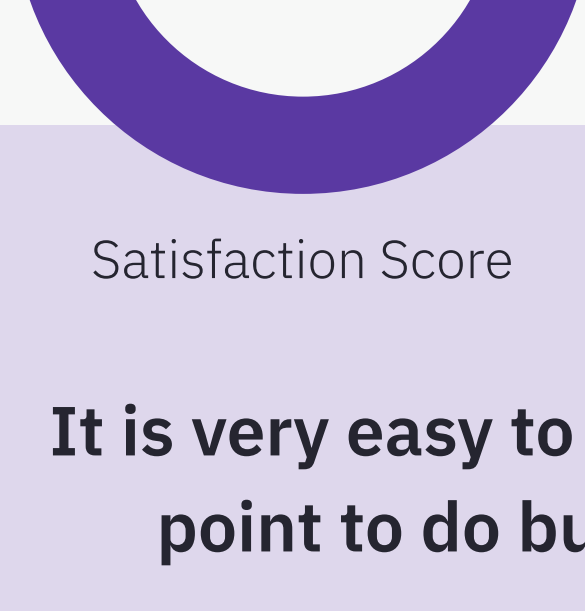

Likely to Recommend

Satisfaction Score

**If you are using Visio to model processes, save yourself and start using Blueworks Live... you'll never turn back once you do.** You can model processes quickly, share them easily, and diagram decisions well.

G2 Reviewer, 5.0 stars

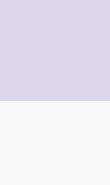

average 83%

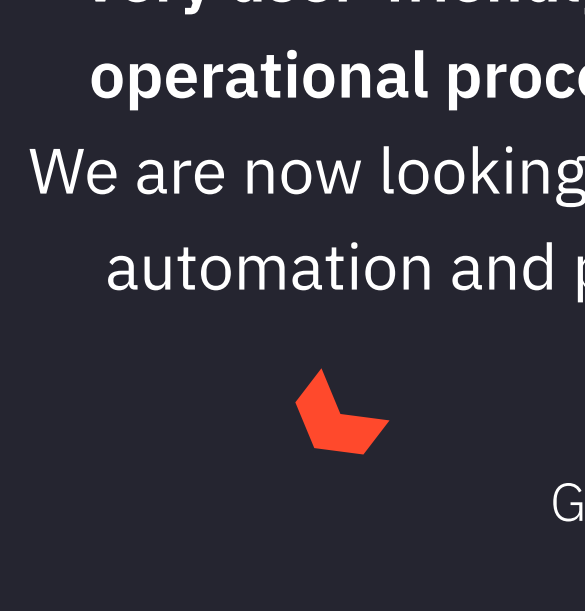

Ease of Setup

Satisfaction Score

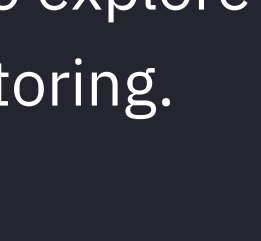

**It is very easy to set up and is a perfect starting point to do business analysis in a project.**

G2 Reviewer, 4.5 stars

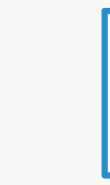

average 84%

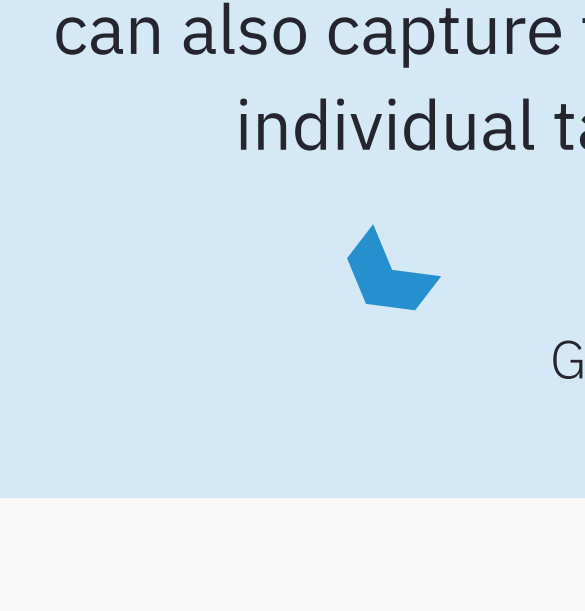

Ease of Use

Satisfaction Score

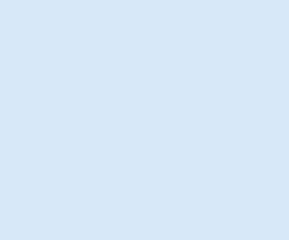

**Very user-friendly and allowed us to model all our operational processes in a fast, accurate manner.** We are now looking at adding on capabilities to explore automation and process performance monitoring.

G2 Reviewer, 5.0 stars

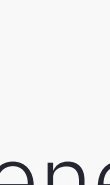

average 84%

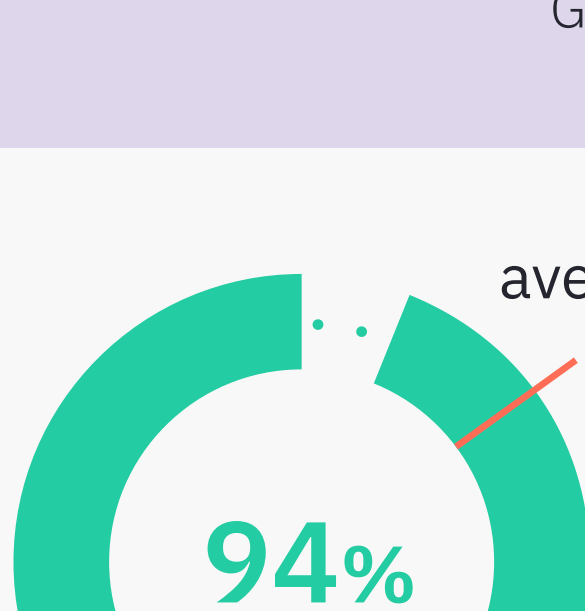

Process Analysis

Satisfaction Score

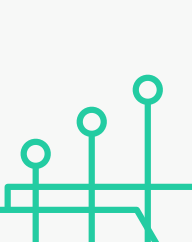

**The ability to create integrated process maps and SIPOC documents. Blueworks Live can capture all SIPOC details behind each individual task.** You can also capture time-motion information to time individual tasks and entire processes.

G2 Reviewer, 5.0 stars

average 81%

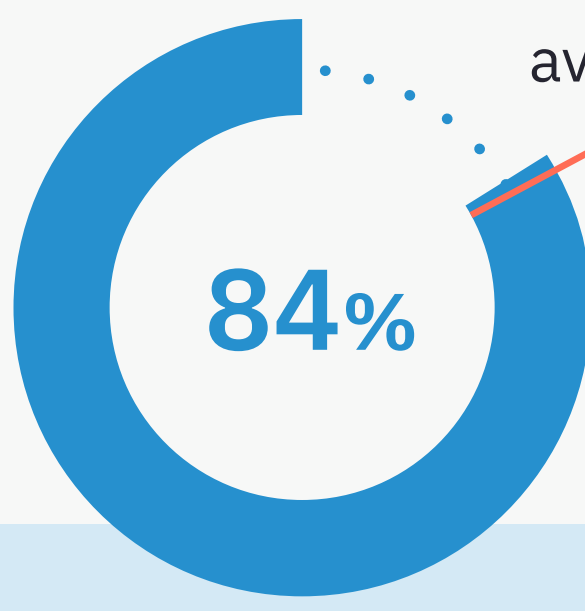

Document Generation

Satisfaction Score

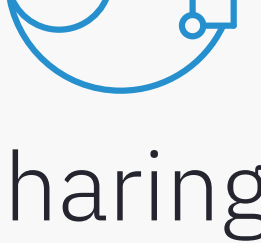

**Blueworks Live has made it easy for our clients to document the processes that they have and quickly turn them into Workflow-based applications.**

G2 Reviewer, 4.5 stars

average 85%

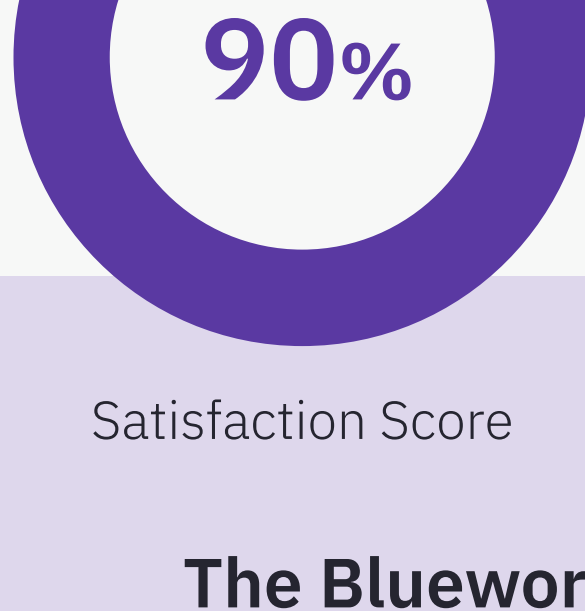

Process Repository

Satisfaction Score

**The ability to collaborate around process is especially valuable, where most processes are at their most valuable between many different functions in a business.**

G2 Reviewer, 4.0 stars

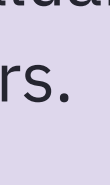

average 83%

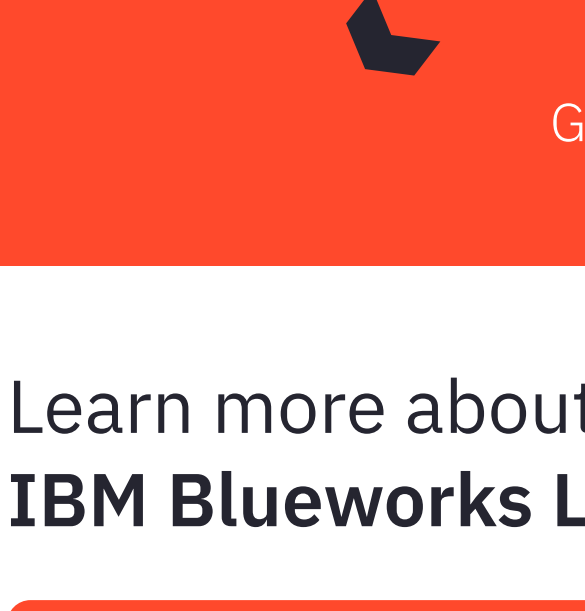

Permissions for Sharing

Satisfaction Score

Blueworks Live allows new hires to quickly understand a business process that allows productivity within a short span of time. **Interns are productive in days and not weeks.**

G2 Reviewer, 5.0 stars

average 86%

Accessibility

Satisfaction Score

**I would recommend anyone and everyone in all businesses to embrace this tool, which would help in more ways than one would know.**

G2 Reviewer, 4.5 stars
