

# How can businesses offer a faster, less stressful onboarding experience?

## TIM AG

TIM AG is a leading value-added distributor for data center solutions

Growing fast, the company wanted to simplify the onboarding process for new employees

And chose the IBM Blueworks Live knowledge management solution

Employees can now manage everything from holidays to audits in the cloud

# 50%

Which helps new hires get up to speed **50%** faster and makes it easier for departments to work together

And enables new efficiencies to help drive business growth
