

An illustration on the left side of the slide shows a person in a dark suit standing on a metal ladder. The person is leaning forward, holding a small black object, possibly a tool or a component, and appears to be working on a large, dark blue gear. To the right of this gear is a larger, light green gear. Three small black droplets are falling from the top of the dark blue gear. The background is a light blue gradient.

Como é possível **otimizar** sua **estratégia**
de substituição de hardware?

Repense a sua abordagem para a
manutenção de data center
