Do you have the right infrastructure to let you outpace technology breakthroughs?

Less than 10% of companies report that their IT infrastructure is fully prepared to meet the demands of mobile, social business, big data and cloud. Budgets under pressure: 76% of IT decision makers are concerned by the rising pressure to reduce costs.

As you transition to the new era of computing, flexible financing can help optimize the entire life cycle of your IT infrastructure.

**Plan**
Align your transition costs with expected benefits to better predict return on investment. Dispose of obsolete equipment.

**Acquire**
Obtain savings of up to 12% over purchase with Fair Market Value leasing to invest in other areas of your business.

**Retire**
Transition to the latest technology at end of lease to meet new demands and optimize total cost of ownership.

**Manage**
Grow or upgrade technology as needed with affordable mid lease upgrades.

Technology is creating a smaller, faster, smarter and more connected world. Leverage IBM Global Financing’s experience to prepare your business.

A current list of IBM trademarks is available on the web at “Copyright and trademark information” at ibm.com/legal/copytrade.shtml.

IBM Global Financing offerings are provided through IBM entities and divisions worldwide to qualified commercial and government clients. Rates and availability are based on a client’s credit rating, financing terms, offering type, equipment and product type and options, and may vary by country. Non-hardwar items must be one-time, non-recurring charges and are financed by means of loans. Other restrictions may apply. Rates and offerings are subject to change, extension or withdrawal without notice and may not be available in all countries. GF-00131-USEN-03.
