Overview

Continuing the commitment to Java™ for IBM® zSystems, IBM intends to deliver IBM Semeru Runtime Certified Edition for z/OS®^(R), Version 17, formerly known as IBM 64-bit SDK for z/OS, Java Technology Edition. The software development kit (SDK) is planned to support the Java Standard Edition 17 language specification, enabling Java 17-compliant applications to be ported to and deployed on IBM z/OS.

Statements by IBM regarding its plans, directions, and intent are subject to change or withdrawal without notice at the sole discretion of IBM. Information regarding potential future products is intended to outline general product direction and should not be relied on in making a purchasing decision. The information mentioned regarding potential future products is not a commitment, promise, or legal obligation to deliver any material, code, or functionality. Information about potential future products may not be incorporated into any contract. The development, release, and timing of any future features or functionality described for IBM products remain at the sole discretion of IBM.

Effective date

September 27, 2022

Availability within a country is subject to local legal requirements.
