

Why choose IBM?

The Workday practice at IBM® understands the challenges facing Higher Education institutions and brings a wealth of expertise and best practices tailored to the unique needs of these organizations.

We know a Workday deployment is not just a technology replacement, but in many cases, a wholesale transformation of your organization. Whether you're moving to the cloud for the first time or converting an outdated system, we will use our deep industry expertise, plus lessons learned from our very own business evolution with Workday, to present a clear path to transformation—wherever you might be in your journey.

We're committed to creating innovative solutions and providing services that drive client success and business value.

A Workday deployment is a journey

Every Workday deployment begins, as we like to say, “with the end in mind.” That said, while you may know what your goals are, and how you want your institution to change, it's important to understand the process for how you'll get there.

Here's a journey map to identify the steps involved with getting you from vision to deployment ... and beyond!
