

Participating IBM Z Academic Initiative Schools

Educators from all over the world are teaching IBM Z mainframe technologies and building skills for the next generation. This is a partial listing of the most active schools listed by country, state or province.

Attention: If you are interested in locating and recruiting new talent for internships and hiring, contact the educator listed or select the associated profile link to view curriculum details. Additional profiles will be added as available.

For general inquiries about the IBM Z Academic Initiative program or if you're an educator who would like to be added to this list, email us at zskills@us.ibm.com.
