

## Team IBM CTA Members

IBM is one of the world's largest business consulting organizations and is known worldwide for developing and implementing Performance Management (PM) and Continuous Process Improvement (CPI) solutions that provide reliability, value, and innovation. IBM has been recognized by leading independent research firms, including Gartner, Forrester, and Kennedy Research and Advisory, which recently designated IBM Global Business Services as one of four Vanguard firms providing management consulting services to the public sector. IBM has been a trusted service provider to the U.S. Government for over 100 years.

Herdt Consulting is a Service-disabled Veteran-Owned Small Business (SDVOSB) that provides business transformation consulting services with deep expertise in public sector change management, process analysis, and strategic planning. Herdt has assisted numerous Federal Agencies with developing strategic plans and performance management frameworks that have led change management efforts to accelerate the adoption of change.

PotomacWave Consulting is a Women-Owned Small Business (WOSB) specializing in strategic planning and analysis, Performance Management, and CPI. PotomacWave has worked with clients such as the Department of Homeland Security (DHS) and U.S. Coast Guard to design and implement Performance Management and CPI initiatives.

Systems Kinetics Integration (Syskin) is a SDVOSB with extensive experience and proven Lean Six Sigma (LSS) capabilities. Syskin specializes in LSS training, coaching, mentoring, and certification. Clients that Syskin has supported includes: Department of State, Food and Drug Administration, Headquarters Department of the Army, and the Joint Chiefs of Staff.
