

The 2014 Master the Mainframe World Championship

The 2014 Master the Mainframe World Championship included 42 finalists representing 22 countries competing for honor, glory, and of course prizes. Global corporate sponsors, including Visa, Metlife, First Citizens Bank, and BB&T Bank, judged the student's submitted results and provided real world feedback. All participants received an expense paid trip to New York City and recognition plaques.

First Place:
