

IBM Cloud Forum 2020

Innovate | Transform | Accelerate

16 & 17 July 2020

About the Event

The IBM Cloud Forum 2020 is an exclusive gathering of Asia-Pacific's C-level executives and technical leaders, as they come together to address present and future issues from the COVID-19 crisis. By leveraging the capabilities of IBM Cloud, these leaders will recalibrate and reimagine their business strategies, accelerating their journey to sustainable continuity and essential transformation.

The 2-day event will explore how leaders are reimagining their operational models to not only deal with the crisis today sustainably, but also be future-ready. With the expertise to be gained from the IBM Cloud Forum, you'll discover new ways to build customer trust, reinvent experiences and reap the benefits of the new cloud-first world.

Innovate

IBM Cloud is now the go-to platform to drive enterprise innovation

Transform

IBM Cloud meets you wherever you are in your cloud journey

Accelerate

Accelerate your digital transformation with hybrid multi-cloud architecture

Key Highlight

Main Tent Highlights

Join IBM executives and clients in the main tent. Be motivated and inspired by IBM experts and leading industry clients on how IBM Cloud has already been embraced by businesses to tackle challenges and be more responsive on both 16 and 17 July.

Jim Whitehurst
President, IBM

Howard Boville
SVP, Cloud, IBM

Rob Thomas
SVP, IBM Cloud & Data Platform

Brenda Harvey
GM, IBM Asia Pacific

Sarajit Jha
Chief Business Transformation & Digital Solutions, Tata Steel

Jimmy Ng
CIO, Group Head T&O, DBS Bank

WanJong Kim
Head of Cloud Division, SK Holdings C&C

ByongSun Kim
Head of Software Defined Data Center, SK Hynix

Vishant Vora
CTO, Vodafone Idea Limited

Dirk Peter Van Leuween
SVP & GM, Red Hat APJ

Jeong Han Kim
CIO, LOTTECARD

Shalini Warriar
Executive Director, Chief Operating Officer and Business Head, Retail, Federal Bank

Trung Pham
Chief Operating Officer, CMC TSSG

Professor John Fraser
Director, Critical Care Research Group, University of Queensland

Rajnish Kumar
Chairman, State Bank of India

Denis Kennelly
GM, IBM Cloud and Cognitive Software

Harish Grama
GM, IBM Public Cloud

Dario Gil
Director, IBM Research

Hillery Hunter
VP & CTO, IBM Cloud

Archana Vemulapalli
GM, IBM IS Offering Strategy, Management and Development

Experiential Zone

Explore a broad portfolio of cloud solutions - *infrastructure, developer tools, services* - designed to make your journey to cloud easier and faster at 38 IBM and partner solution showcases.

Ask our experts who understand your goals and challenges.

IBM Cloud Forum 2020

Getting Started

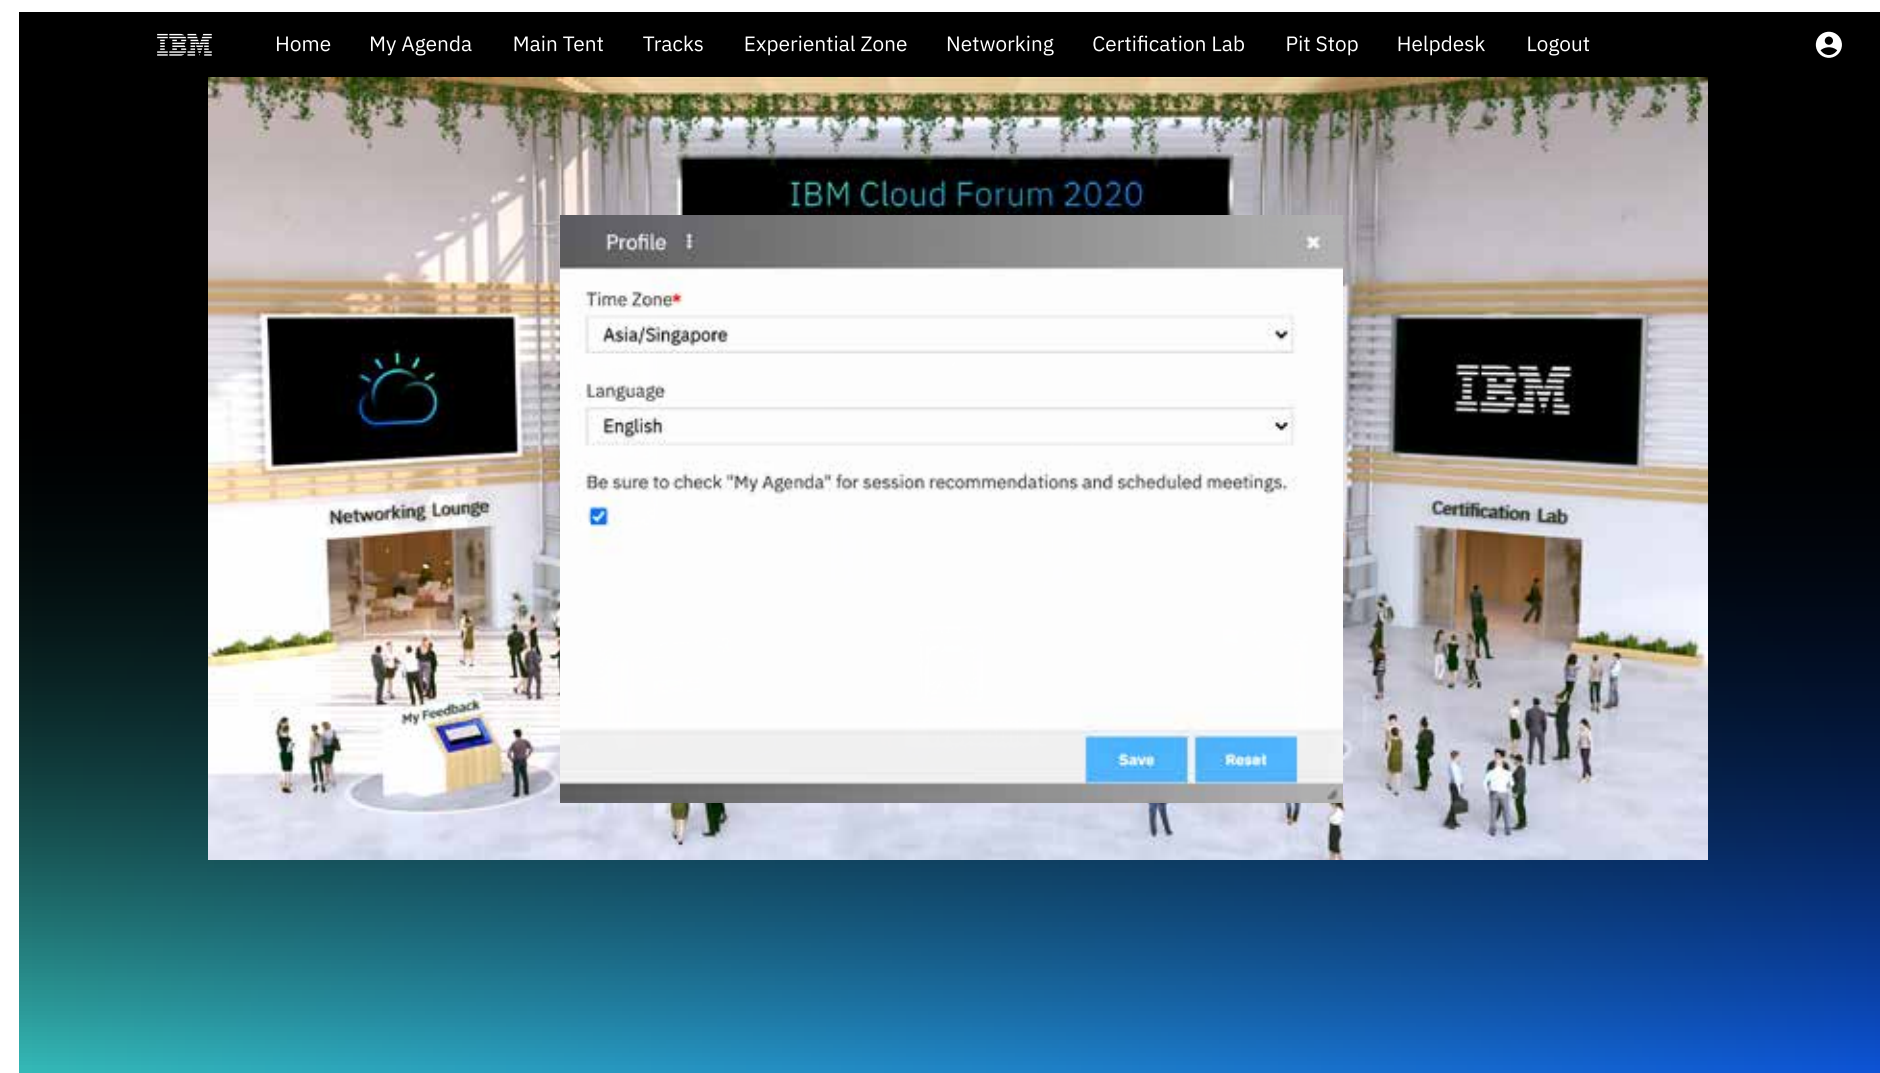

To access the IBM Cloud Forum 2020, please use the URL link provided in the event confirmation or reminder email sent earlier. Enter your username (email address used to register for the event) and the password provided in the event confirmation or reminder email.

When you are in the virtual environment, you will need to select your:

- Time zone
- Language

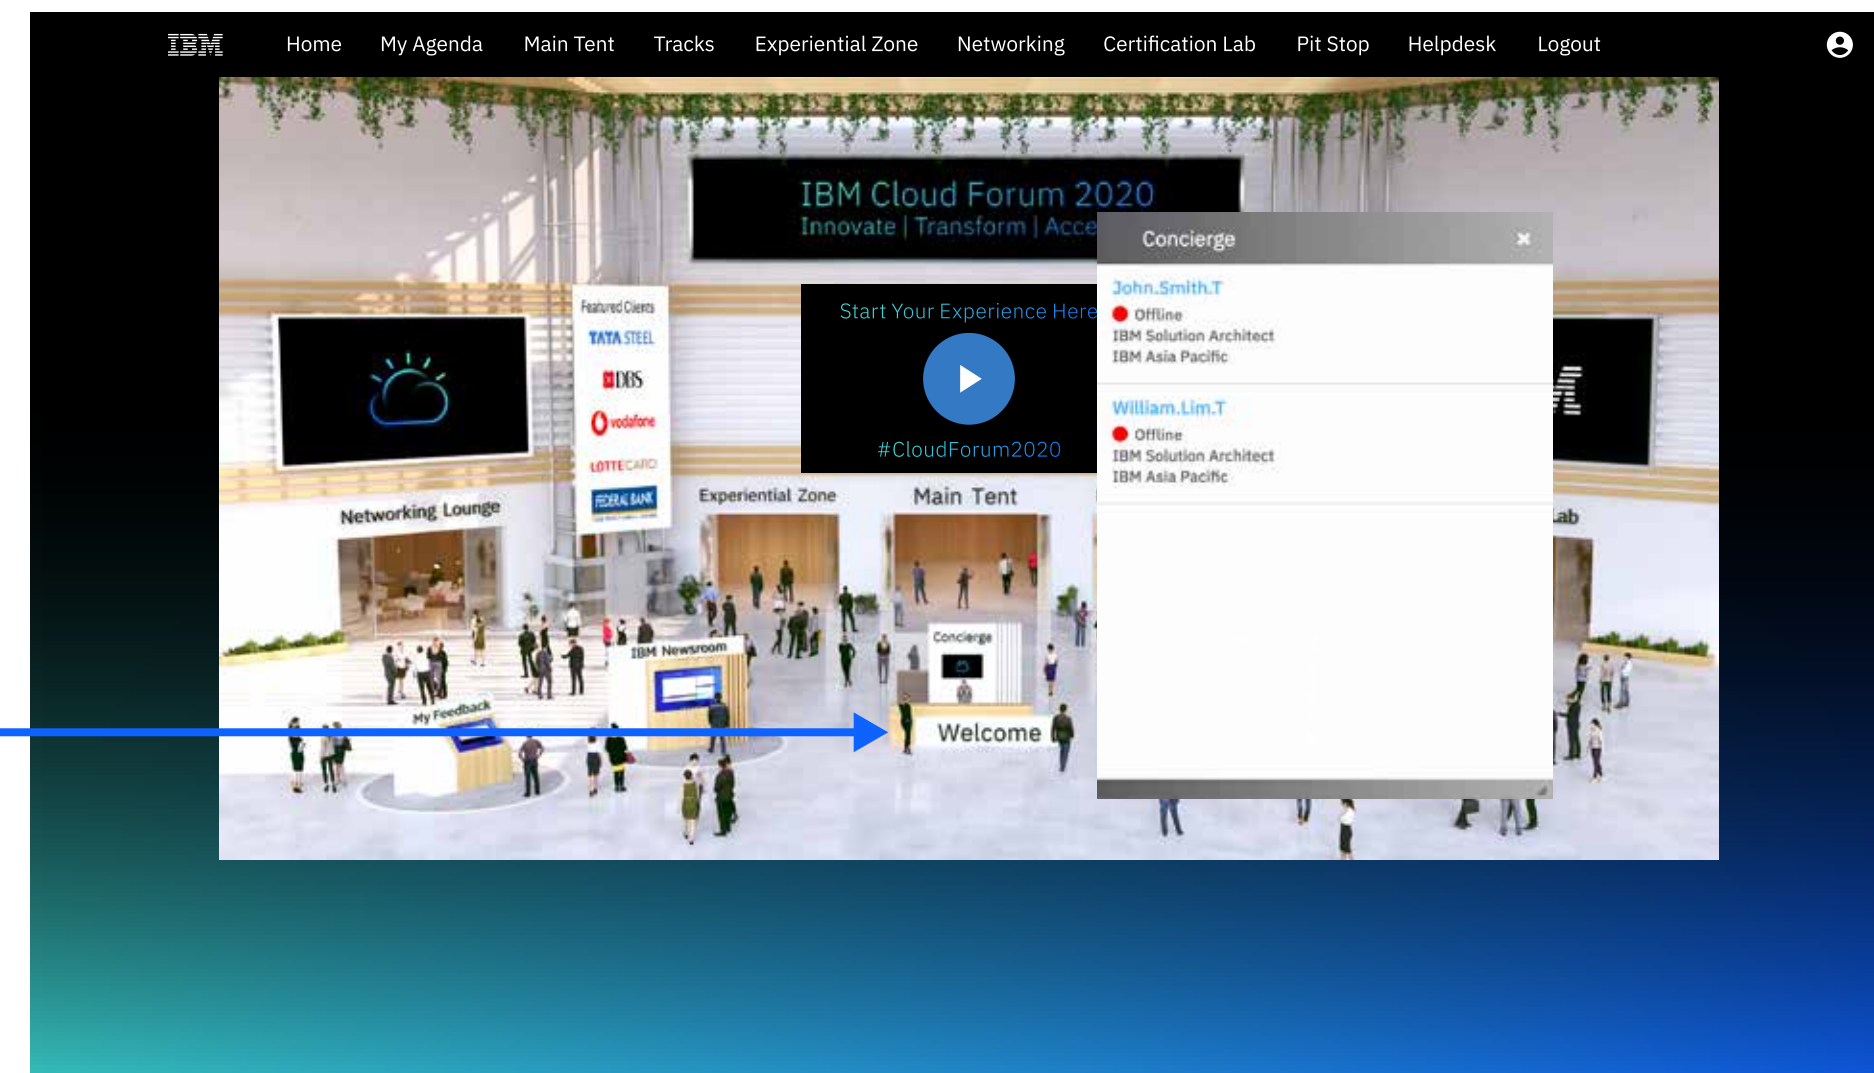

Go to “My Agenda” on the top navigation bar for your personalised agenda. Now you are ready to embark on your journey in IBM Cloud Forum 2020.

If you experience any problem, please reach out to the Help Desk which can be found on the top navigation bar. You may also approach our Concierge Desk.

Should you have issues logging into the portal, please reach out to:

nina.sarmiento@ibm.com

To fully experience the virtual environment, the following system specifications are recommended:

Operating System / Browser Combinations

- Windows 7, 8.1, or 10 with IE11.x, or the latest version of Edge, Firefox, or Chrome
- Mac OS 10.10+ with the latest version of Safari, Firefox, or Chrome
- Ubuntu Linux with the latest version of Firefox
- iOS 8.0+ with Safari or Chrome
- Android 4.4+ with native browser or Chrome
- Our virtual event platform is accessible across different devices. Given the rich media and content, the virtual event is recommended to be viewed for PC & Desktop. Accessing via mobile or tablet is a limited experience.

Media Players

- Flash 20+
- Windows Media Player 10.x+
- Real Media Player 10.x+

Display Size

Virtual environment is optimised for 1024 X 768 screen resolution

Bandwidth

500 Kbps

IBM Cloud Forum 2020

My Agenda

A central location to access all sessions recommended for you.
You may also personalise My Agenda to add sessions you would like to join.

Download

My Agenda

This is where you can retrieve all the resources you have saved along the way throughout your journey within the virtual event, such as documents, presentations, and resource links saved.

By clicking the “Download” button, you can download all the documents listed in “My Agenda”.

Virtual Event Interface Navigation

The screenshot displays the virtual event interface for IBM Cloud Forum 2020. At the top, a navigation bar includes the IBM logo and links to Home, My Agenda, Main Tent, Tracks, Experiential Zone, Networking, Certification Lab, Pit Stop, Helpdesk, and Logout. The main area is a 3D-rendered virtual lobby with a large central banner reading "IBM Cloud Forum 2020 Innovate | Transform | Accelerate" and a "Start Your Experience Here" button with a play icon and the hashtag #CloudForum2020. To the left is a "Networking Lounge" with a cloud logo, and to the right is a "Certification Lab" with the IBM logo. In the center, there are entrances for the "Experiential Zone", "Main Tent", and "Breakout Tracks". A "Concierge" desk with a "Welcome" sign is in the foreground, and a "Pit Stop" kiosk is to its right. Other elements include an "IBM Newsroom" kiosk, a "My Feedback" kiosk, and vertical banners for "Featured Clients" such as TATA STEEL, DBS, Vodafone, LOTTE CARD, and FEDERAL BANK. Callout lines point to the user profile icon in the top right, the Navigation Bar, the Time Zone setting, and the Concierge desk.

After logging in, you will be taken to the main lobby of our virtual event with clickable rooms. Each room will bring you into another area of the conference.

- Navigation Bar**
Familiarise yourself with the top menu bar to navigate the entire conference.
- Time Zone**
To optimise your time with us, be sure to set the time-zone preference to your local time.
- Concierge**
Need assistance? Click on the Concierge Desk to converse with our online staff.

Networking Lounge – How to Enter Webex Meeting

By Invitation Only

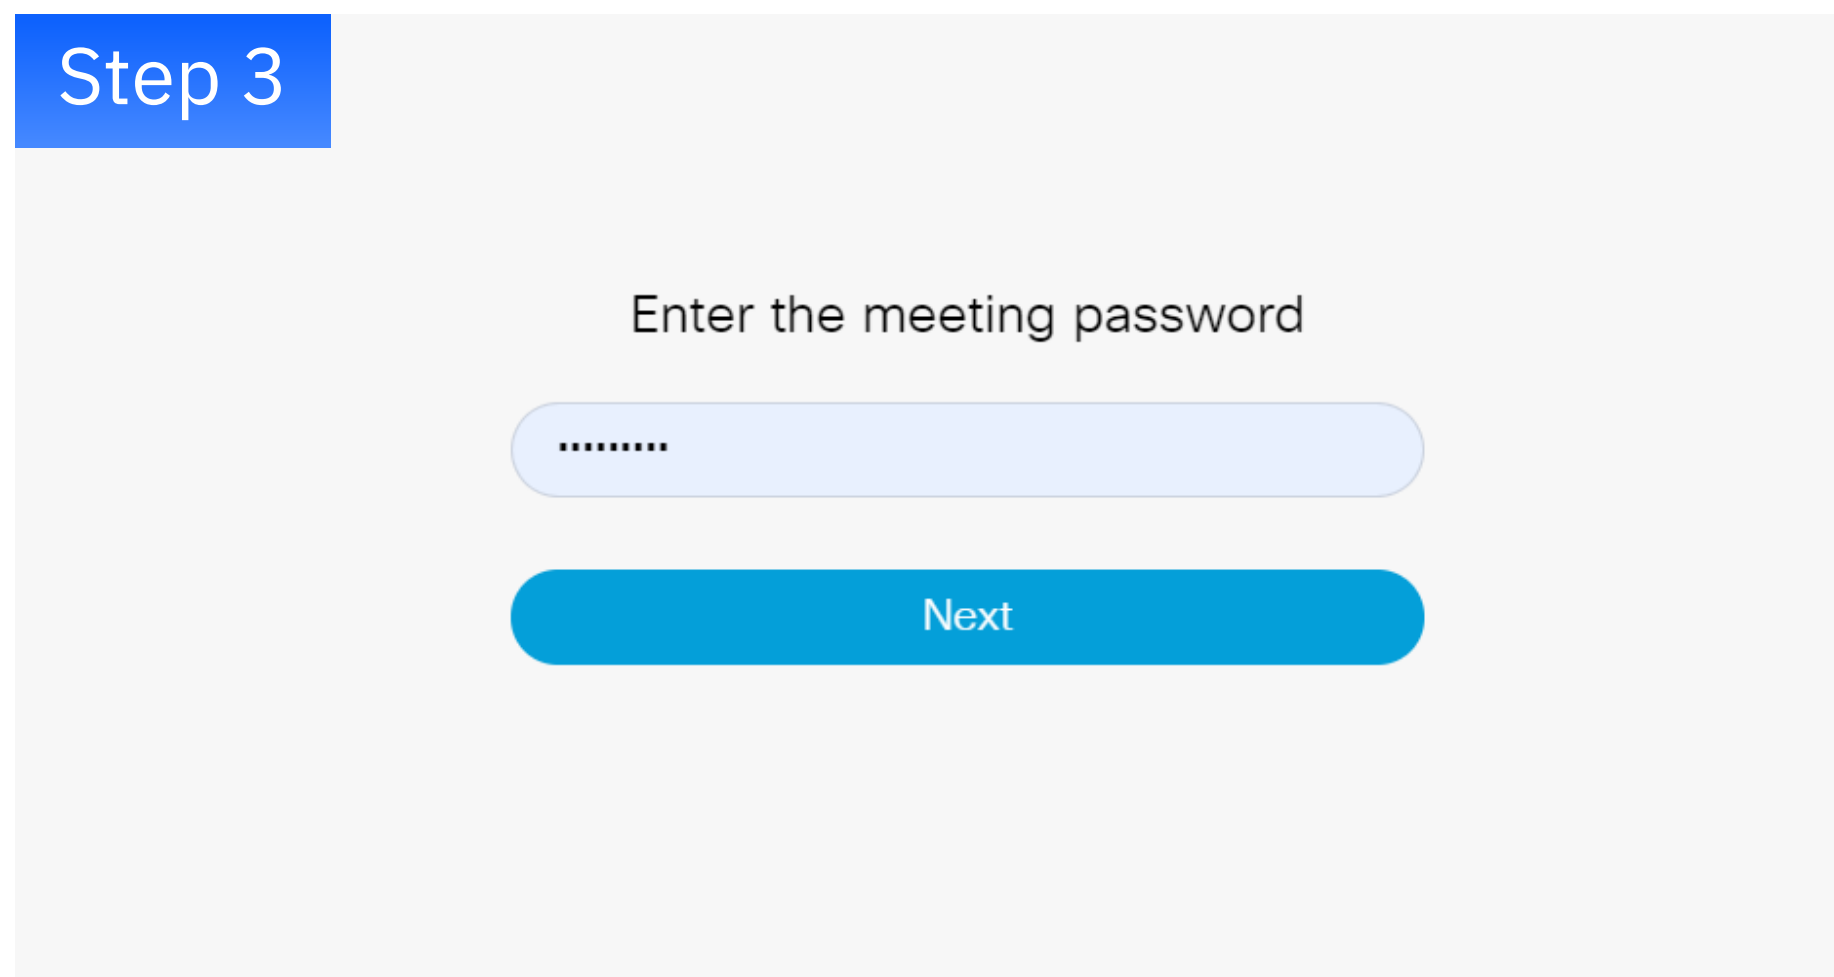

Step 1

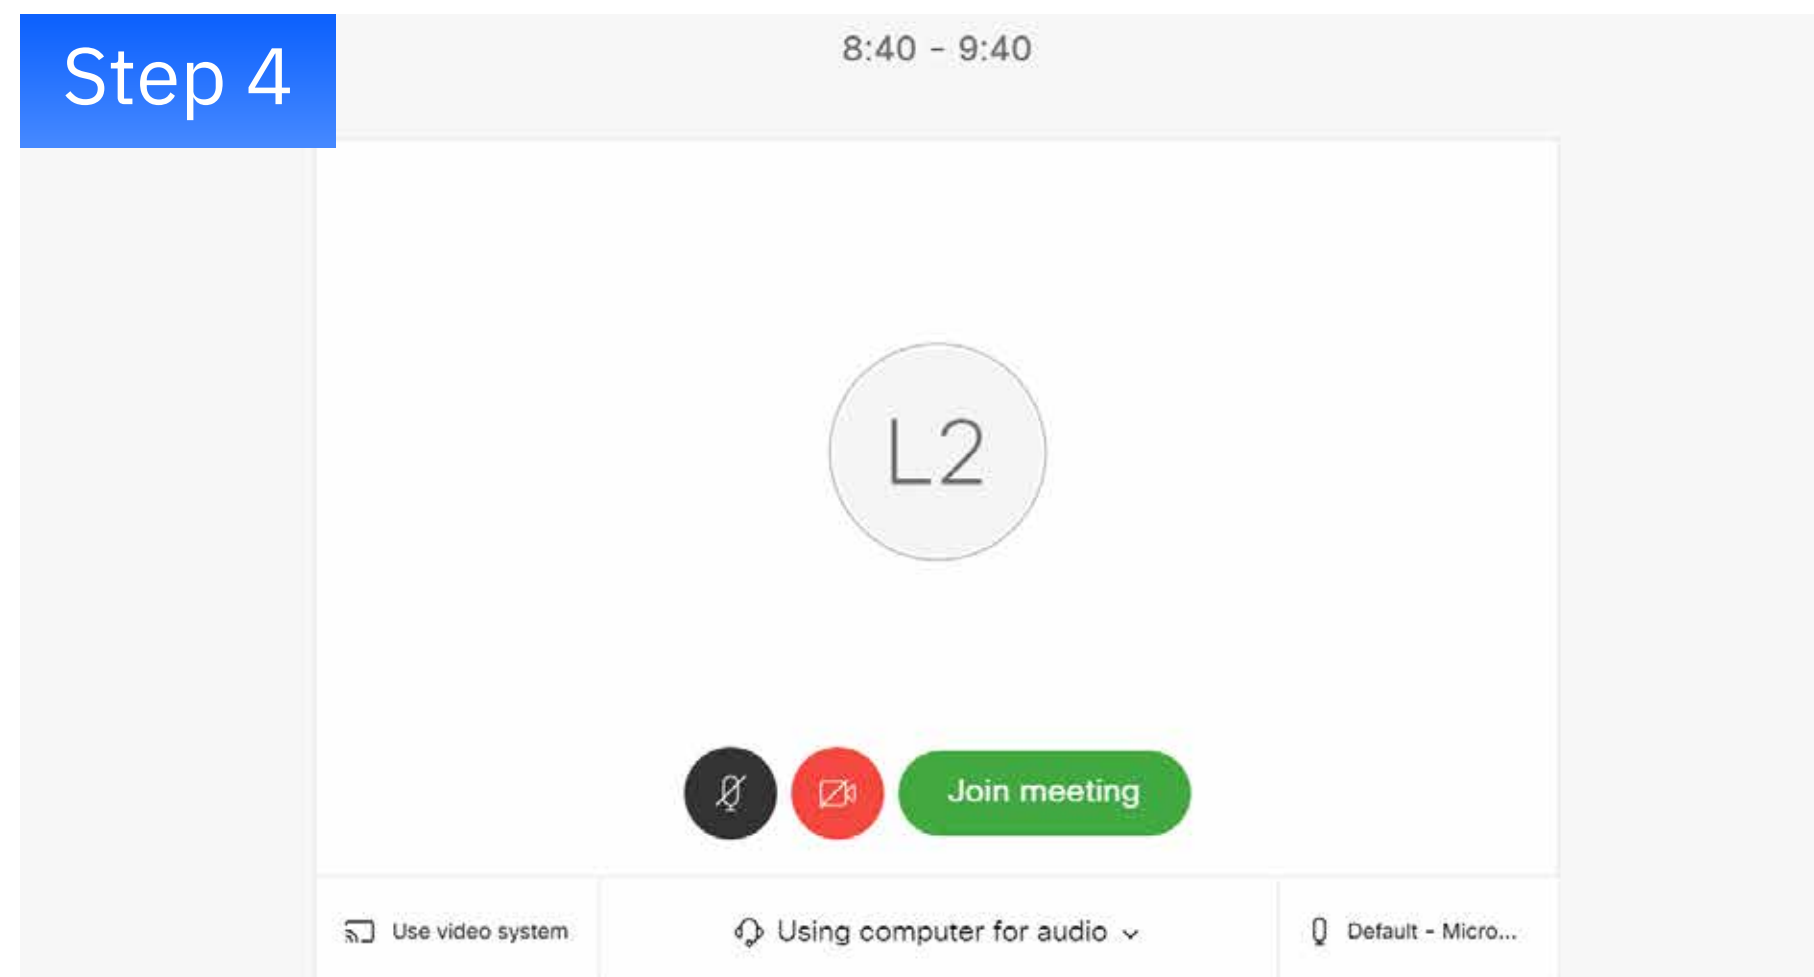

Step 2

Step 3

Step 4

Step 1

After clicking on the link, you will get two options:

- Download the Webex app to join the meeting
- Join from the browser directly (*This option takes a few seconds for the Webex meeting screen to appear**)

Step 2

You have to enter your full name and the email address you used to access IBM Cloud Forum 2020 earlier to join this Webex meeting.

Step 3

Please enter the password to join the meeting.

Step 4

You have successfully joined the Live Webex meeting.

** Should you face any problem logging into the virtual environment to attend the scheduled Webex meeting on your calendar, please proceed to use the Webex meeting link to attend the meeting at the scheduled time directly*

Certification Lab

Get access to IBM Skills Gateway and IBM Professional Certifications at the Certification Lab. Attend hands-on Lab sessions to embark on your learning roadmap and journey toward an IBM Certification.

Hands on Labs

Lab 1: Application Modernisation with Cloud Pak for Applications

In this hands-on lab, we will demonstrate how 'IBM Cloud Pak for Application' helps clients modernise existing monolithic applications to Openshift Container Platforms, using tools like Transformation Advisor. This Lab also demonstrates how Cloud Native DevOps capabilities help clients to achieve automated CI/CD for the applications.

Lab Instructors:

- Vishal Charegaonkar, Solutions Architect: IBM Cloud. GSI-Lab., IBM Cloud and Cognitive Software

Only for registered hands-on lab attendees

Lab 2: Build AI-Infused Applications through AutoAI in IBM Cloud Pak for Data

IT and application developers are struggling to quickly embrace machine learning to build AI functions into applications, due to skills gaps and time restrictions. To help democratise AI, this lab will give you a first-hand experience of quickly developing an AI-infused web application that can be used in this situation through AutoAI in IBM Cloud Pak for Data. You will also discover how to optimise the accuracy of the trained model through visualisation in AutoAI and code generation in a Jupyter notebook.

Lab Instructor:

- Jeremiah Joseph, ML, AI and Analytics SME, IBM Cloud and Cognitive Software
- Priyanka Malhotra, Sr Data Architect, IBM Cloud and Cognitive Software

Only for registered hands-on lab attendees

My Feedback

We'd love to hear from you about your experience in this virtual conference!

The screenshot shows a virtual conference lobby for the IBM Cloud Forum 2020. The lobby features a large central banner with the text "IBM Cloud Forum 2020 Innovate | Transform | Accelerate". To the left is a "Networking Lounge" and to the right is a "Certification Lab". A "Welcome" sign is visible in the center. A "My Feedback" form is overlaid on the screen. The form has a title field, a "My Feedback" button, and a "Launch" button. A blue arrow points from the "Launch" button to the "My Feedback" button. Another blue arrow points from the "My Feedback" button to a "My Feedback" button on a kiosk in the lobby. Two instructional steps are provided on the right side of the screen:

- Step 1**
Click the "My Feedback" button at the lobby to locate the form
- Step 2**
Complete the "Feedback Form" when prompted

Frequently Asked Questions

What is the purpose of the My Agenda page?

My Agenda provides an attendee with a place to store and organise environment content, such as documents, links to presentations, scheduled chat archives, contacts and giveaways.

It also serves as a central location for you to access all sessions recommended for you and/or selected by you, a personalised agenda.

Can I take away any of the interesting documents I find in the environment?

Absolutely. Any document you want to carry with you can be opened for viewing and downloaded from the viewing window. You can also click the Download button in the lower right hand corner of My Agenda to email yourself content from My Agenda or download it to your desktop.

What types of Presentation can be viewed in the Main Tent?

You can view the following types of live (specific start or end time) or on-demand presentation:

- Keynotes
- Spotlights
- Panel Discussions

Where do I see Live or On-Demand Presentation Listings?

You may view listings of Live or On-Demand Presentation in any of the following locations:

- Main Tent
- Breakout Tracks

Where can I find the agenda?

The Agenda is available under Main Tent on the Navigation bar.

Prizes & Giveaways

How do I compete for Prizes?

Please visit the PIT STOP to view the available activities and games. We use a points system, assigning a designated number of points for completing various activities in the environment.

Professional Networking

What tools are available for Professional Networking?

Group Dialogue

Different locations have their own group chats to facilitate communication among the attendees who are in the same location at the same time.

Live Chat with our IBM Experts

Engage with our representatives in private one-on-one chats.

Search

Can I search for content?

In general, there is a Content Search menu item in the Search tab of the navigation bar. There are Basic and Advanced options available for defining search criteria. The search will cross all content across all locations.

Security

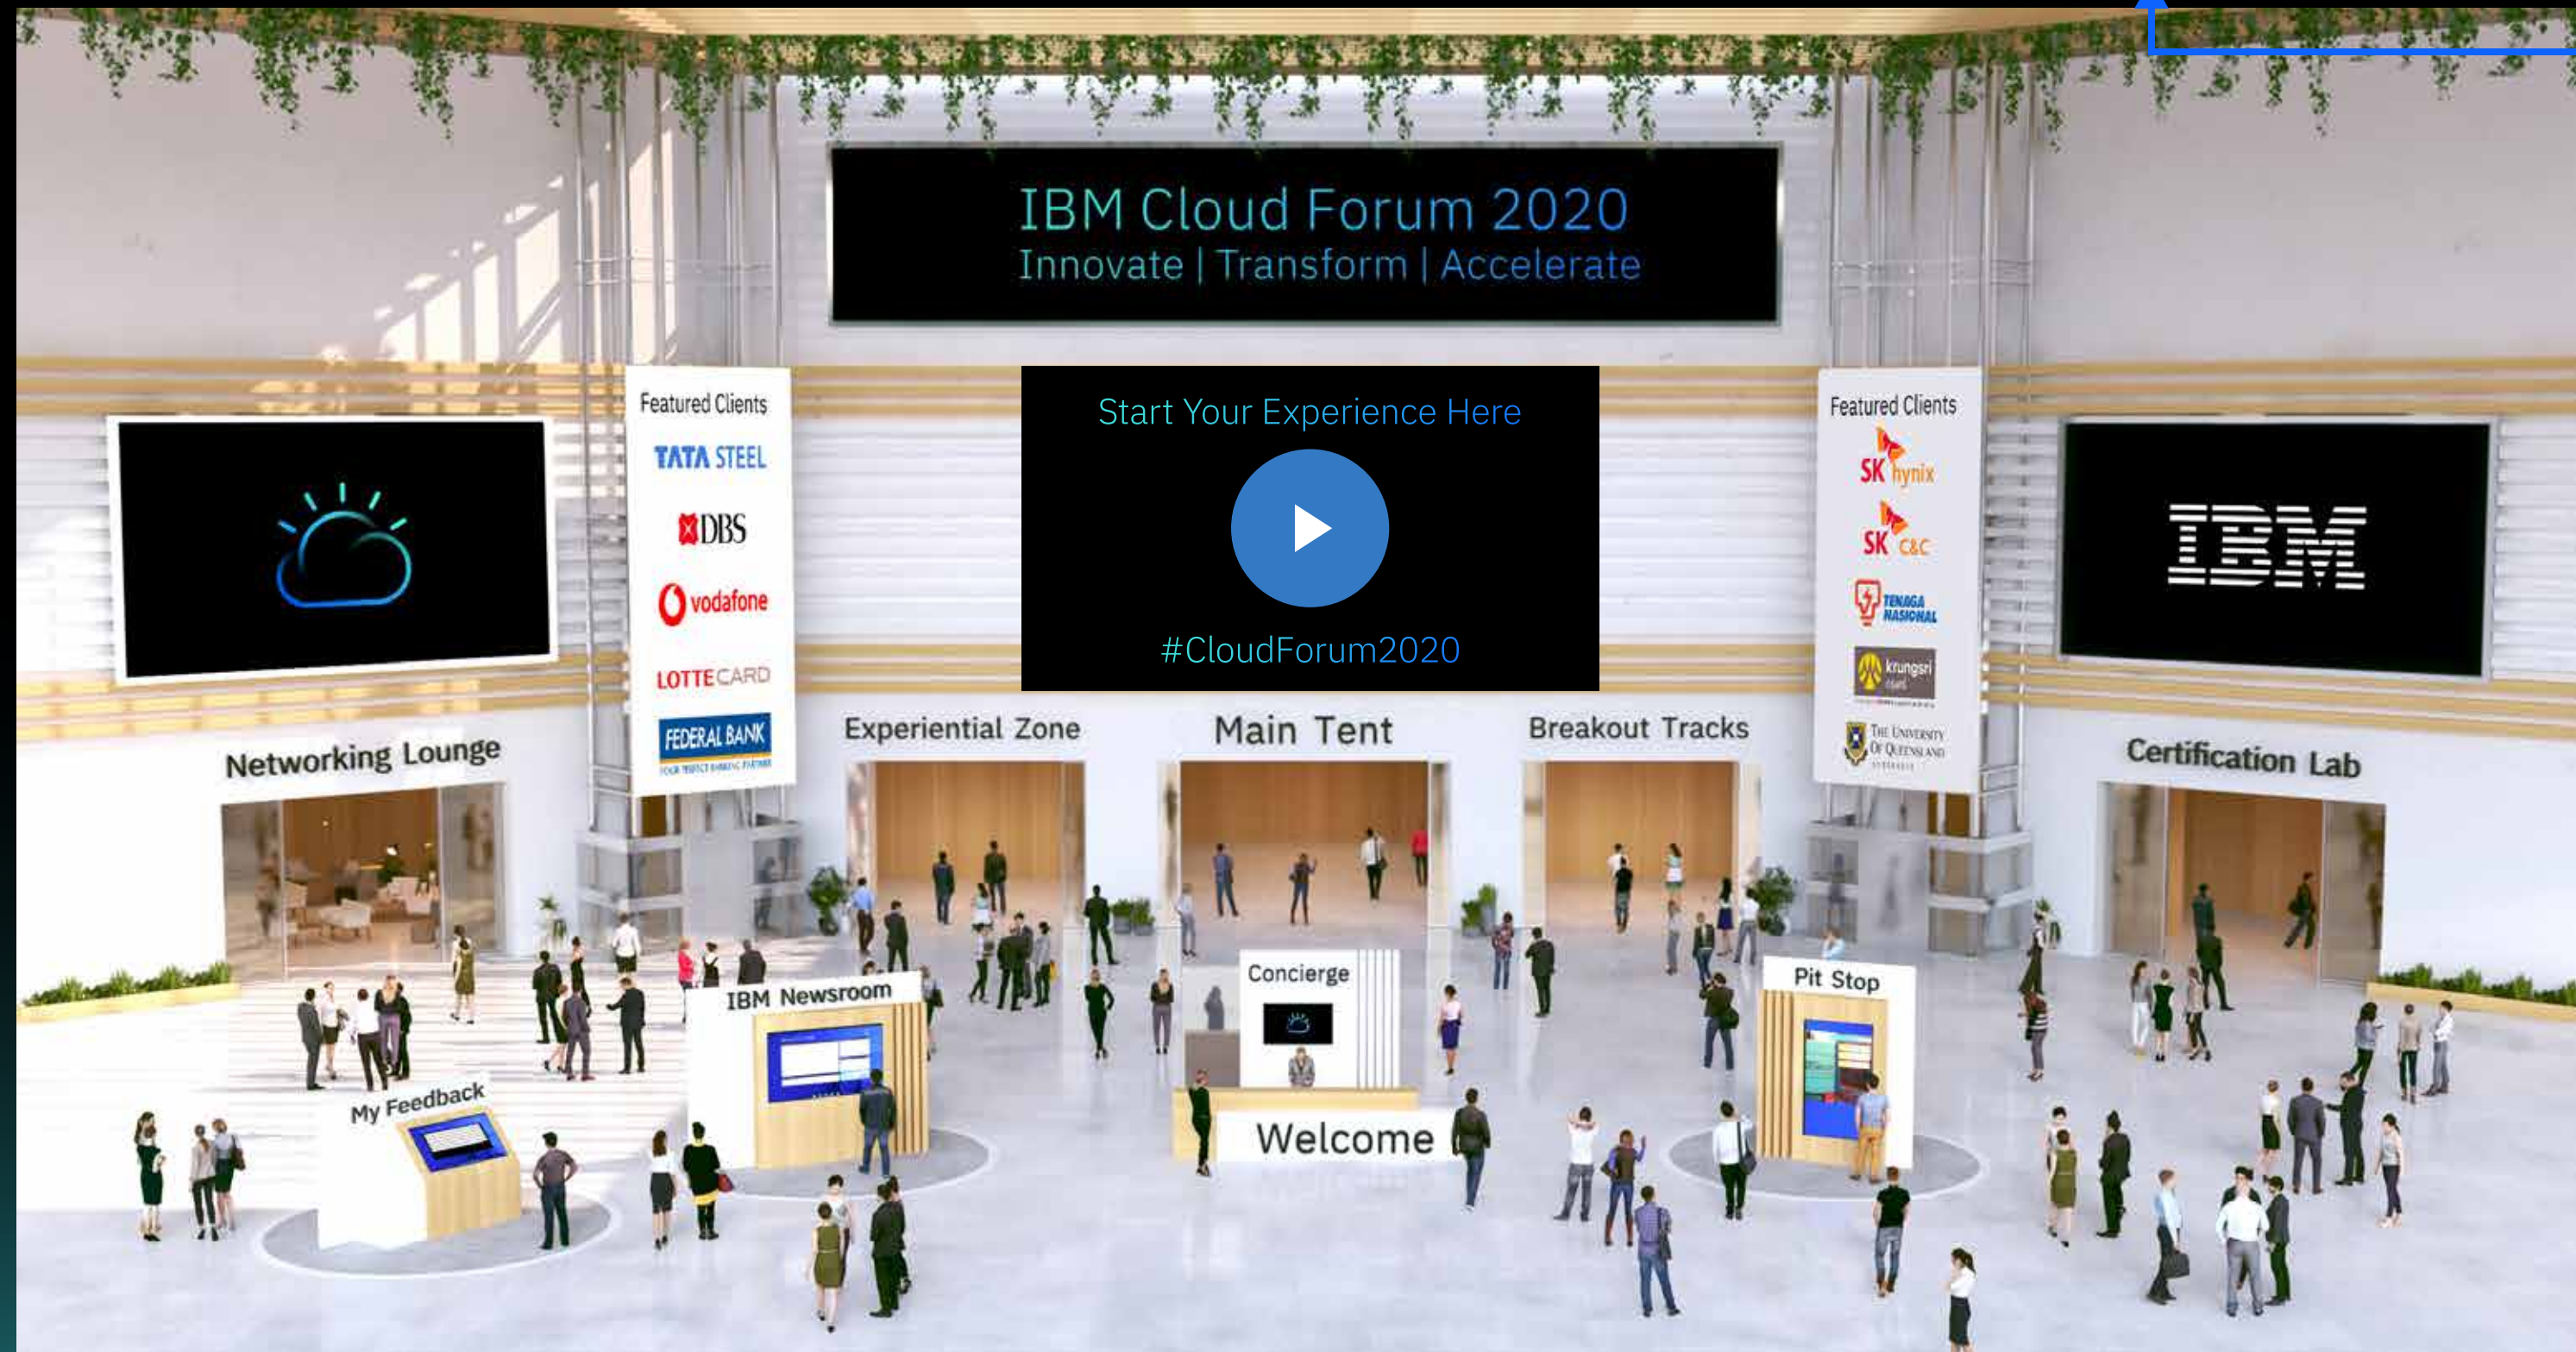

Are ON24 Virtual Environments secure websites?

Attendees can only get into an environment with login and password authentication, which is setup during the Registration process.

Event Support
