Relative similarity between genes based on their text content

IBM WATSON

endless discovery. easy decisions.

WayBlazer is transforming the way travelers seek advice.

SIGNIFICANT PROGRESS
in building a new ecosystem
around OpenPOWER

OpenPOWER™ Foundation

- Open development alliance based on IBM's POWER microprocessor
- POWER hardware and software available for open development, POWER IP licensable
- Alliance members develop advanced server, networking, storage and GPU-acceleration technology

Charter Members

From five to 101 members

Implementation / HPC / Research

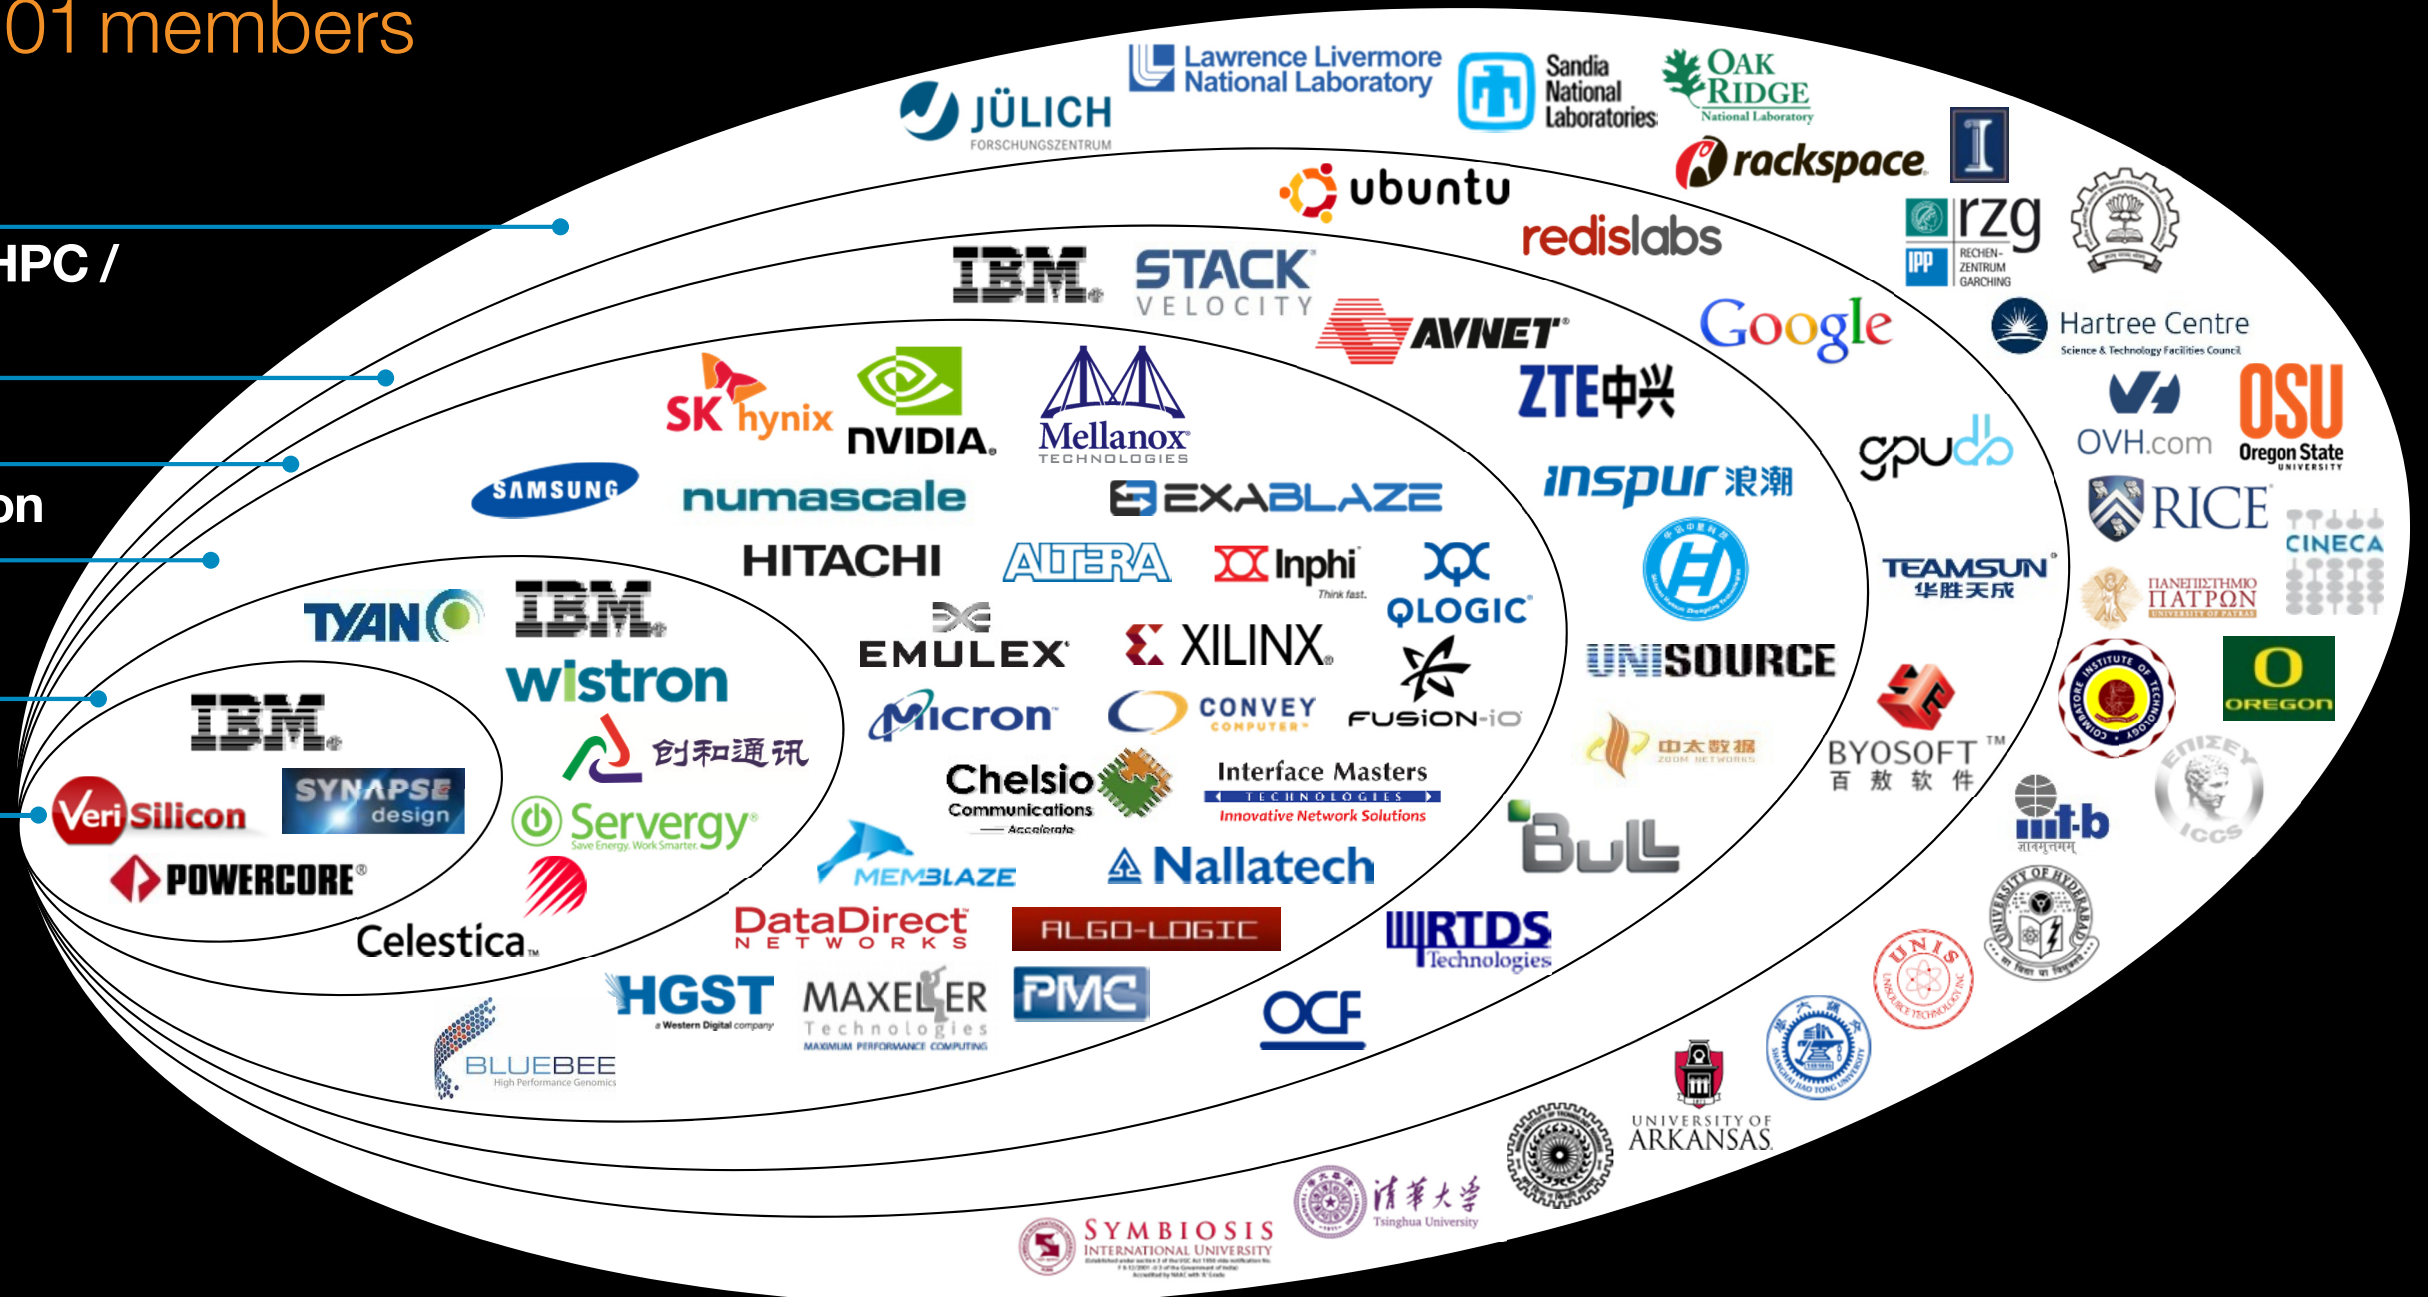

Software

System / Integration

I/O / Storage / Acceleration

Boards / Systems

Chip / SOC

Significant progress in building a new ecosystem

Solidified OpenPOWER **Strategy**

Cloud Computing

Scale Out Infrastructure

China First

Drive POWER into
Domestic IT Agendas

Technical Computing

IBM, NVIDIA and Mellanox
Awarded Contract by US
Government to build World's
Fastest Supercomputer

Launched **Development Projects** with new partners

- Google, Rackspace, Inspur, China Mobile, Zoom Networks, Suzhou PowerCore, NVIDIA / Mellanox / US Government

Announced **Products and Offerings**

- GPU-accelerated S824L (NVIDIA), NoSQL Solution (Altera), CAPI DevKit (Nallatech), OSS Firmware (Google), Customer Reference System (Tyan), etc.

Tyan Delivers OpenPOWER
Reference Server

Summary

Partnering **extends IBM's reach** to more clients with enhanced offerings/services

Partnerships and ecosystems influence and support many billions of IBM revenue

- IBM is the “**go-to company**” for partners to reach the enterprise
- New solution partners see IBM as the pathway to enterprise access

IBM **Investor** Briefing

These charts and the associated remarks and comments are integrally related, and they are intended to be presented and understood together.

In an effort to provide additional and useful information regarding the company's financial results and other financial information as determined by generally accepted accounting principles (GAAP), certain materials presented during this event include non-GAAP information. The rationale for management's use of this non-GAAP information, the reconciliation of that information to GAAP, and other related information is included in supplemental materials entitled "Non-GAAP Supplemental Materials" that are linked to the company's investor relations web site at <http://www.ibm.com/investor/events/investor0215.html>. The Non-GAAP Supplemental Materials are also included as Attachment II to the company's Forms 8-K dated January 20, 2015 and February 26, 2015.
