

Data Erasure Service – IBM Systems supported

- **IBM Power 8 and up models** with different Disks drives (SAS/ SSD/ NVMe)
- **Flash Systems: Flash 800/900, 5000, 7000, V9000**
 - With SAS/SSDs Disks drives
 - Systems with Flash Core Modules(FCM) are not supported
- **Storwize: V3000, V5000 & V7000**
 - With SAS/SSDs Disks drives
 - Systems with Flash Core Modules(FCM) are not supported
- **ESS (Elastic Storage System): ESS 3000 / 3200 / 3500 / 5000**
 - Renamed to SSS (Storage Scale System) since July 24.
 - SSS models with SSD drives are supported.
 - SSS models with FCM are not supported
- ❖ **Following Systems are not supported by IBM Data erasure solution**
 - ❖ **A9000**
 - ❖ **DS8K**
 - ❖ **TS7700**
 - ❖ **Tapes systems with cartridges:** TS4300, TS 4500, Diamondback tape library, TS2900 tape autoloader, TS7226 multimedia enclosure, TS3500, and more little tape libraries like TS3100 & TS3400
