

## IZSAM V8.2 PTFs

Last updated: 2026-08-03 10:28:28

Those APARs without PTFs assigned are yet to be closed.

FIXCAT(IBM.ZSAM.GKB) can be specified to restrict SMP/E APPLY processing to GKB update PTFs.

| Sr No | PTF     | APAR    | Abstract                                                                                        | Shipped Date | Affected Component |
|-------|---------|---------|-------------------------------------------------------------------------------------------------|--------------|--------------------|
| 249   | UJ10160 | OA69880 | IBM Z SW Asset Mgmt GKB updates for July 2026                                                   | 26-07-31     | GKB                |
| 248   | UJ09898 | OA69686 | IBM Z SW Asset Mgmt GKB updates for June                                                        | 26-07-01     | GKB                |
| 247   | UJ99757 | OA69528 | IBM Z SW Asset Mgmt GKB updates for May                                                         | 26-05-29     | GKB                |
| 246   | UJ99543 | OA69416 | IBM Z SW Asset Mgmt GKB updates for April                                                       | 26-04-30     | GKB                |
| 245   | UJ99680 | OA69329 | Usage import completes with CC 0 even if the input file is corrupt.                             | 26-05-20     | Usage Import       |
| 244   | UJ99324 | OA69269 | IBM Z SW Asset Mgmt GKB updates for March 2026                                                  | 26-03-31     | GKB                |
| 243   | UJ99082 | OA69144 | IBM Z SW Asset Mgmt GKB updates for February 2026                                               | 26-02-27     | GKB                |
| 242   | UJ98928 | OA69036 | IBM Z SW Asset Mgmt GKB updates for January 2026                                                | 26-01-30     | GKB                |
| 241   | UJ98822 | OA68942 | Product by Repository report link to Product Libraries missing Product name                     | 26-01-16     | Analyzer Reports   |
| 240   | UJ98767 | OA68911 | IBM Z SW Asset Mgmt GKB updates for December 2025                                               | 25-12-19     | GKB                |
| 239   | UJ98865 | OA68887 | In the Usage monitor, the Provider value needs to be updated with the correct data.             | 26-01-21     | UMON               |
| 238   | UJ98910 | OA68841 | ALLOW CORRECT IDENTIFICATION OF SOME Z/OS 3.2 MODULES                                           | 26-01-28     | Inquisitor         |
